A RESOLUTION OPPOSING THE MICHIGAN DEPARTMENT OF HEALTH AND HUMAN SERVICES' PLAN TO IMPLEMENT A COMPETITIVE PROCUREMENT PROCESS FOR PREPAID INPATIENT HEALTH PLANS

WASHTENAW COUNTY BOARD OF COMMISSIONERS

JUNE 4, 2025

WHEREAS, the State of Michigan currently operates a publicly managed and community-based system for the delivery of specialty behavioral health services through 10 Prepaid Inpatient Health Plans (PIHPs), which are responsible for managing Medicaid mental health, developmental disability, and substance use disorder services; and

WHEREAS, the current PIHP system has consistently demonstrated value, local accountability, and community engagement, while successfully managing costs and improving health outcomes for vulnerable populations; and

WHEREAS, the Michigan Department of Health and Human Services (MDHHS) recently announced plans to initiate a competitive procurement process for the management of PIHP functions, which may open the door to private, non-profit health plans or managed care organizations (MCOs) assuming control over behavioral health services; and

WHEREAS, such privatization could disrupt longstanding relationships between local mental health authorities, providers, and the communities they serve, and jeopardize the person-centered, recovery-oriented approach that has been cultivated under the public system; and

WHEREAS, many stakeholders, including individuals receiving services, advocates, local officials, and providers have expressed significant concerns about the potential impact of a competitive procurement process on care quality, access, local control, and transparency; and

WHEREAS, counties across Michigan have historically played a vital role in the governance, funding, and oversight of the public behavioral health system, and any change to that structure without meaningful county input undermines the principle of local governance; and

WHEREAS, maintaining a publicly accountable and locally governed behavioral health system is essential to ensuring that individuals with mental health and substance use needs receive timely, appropriate, and high-quality care.

NOW, THEREFORE, BE IT RESOLVED, that the Washtenaw County Board of Commissioners formally opposes the Michigan Department of Health and Human Services' (MDHHS) plan to implement a competitive procurement process for Prepaid Inpatient Health Plans (PIHPs); and

BE IT FURTHER RESOLVED, that the Board urges Governor Whitmer, the Michigan Department of Health and Human Services (MDHHS), and the Michigan Legislature to halt any plans for privatization and instead work collaboratively with counties, PIHPs, Community Mental Health Services Programs (CMHSPs), service users, and other stakeholders to strengthen and improve the public behavioral health system, by only allowing public organizations with experience in managing Michigan's public mental health system to be part of any bid process should one occur; and

BE IT FURTHER RESOLVED that Washtenaw County Board of Commissioners directs the County Clerk to send a copy of this resolution to the Washtenaw County delegation of both the Michigan Senate and House of Representatives; Governor Gretchen Whitmer; and as a communication to other Michigan Counties.

## RESOLUTION #2025-04

### URGING ACTION TO OPPOSE PROPOSED CUTS TO MEDICAID BY THE FEDERAL GOVERNMENT

**WHEREAS**, the Ontonagon County Board of Commissioners recognizes that Michigan's public mental health system is facing a serious and escalating funding crisis, driven by several compounding factors, including the loss of Medicaid-covered lives, inflationary pressures, increasing demand for services, and expanding regulatory burdens; and

**WHEREAS**, the Michigan public mental health system funding increases for core behavioral health and intellectual/developmental disability services have not kept pace with medical inflation and have in fact, recognized flat funding for the last five years, while medical inflation has increased by over 10% and Medicaid expenses have increased by nearly 25%; and

**WHEREAS**, the State of Michigan has lost nearly 700,000 Medicaid beneficiaries since the end of the Public Health Emergency (PHE), resulting in reduced capitation payments to CMHSPs despite continued or increasing demand for mental health services; and

**WHEREAS**, the proposed cuts to Medicaid would force impossible choices including—shrinking access to care, shifting costs onto the state budget and to local providers and threatening the coverage of people with disabilities who require daily support; and

**WHEREAS**, additional factors exacerbating this crisis include skyrocketing inpatient psychiatric and residential costs, AND Misclassification of Medicaid eligibility groups resulting in lost revenue; and

**WHEREAS**, failure to adequately fund the public behavioral health system undermines the ability of CMHSPs and the State of Michigan to meet the needs of the most vulnerable residents—including children, adults with serious mental illness, individuals with intellectual and developmental disabilities, and those with substance use disorders;

**NOW, THEREFORE, BE IT RESOLVED**, that the Ontonagon County Board of Commissioners urgently calls on the United States Legislature, and the President to:

1. **Fully allocate Medicaid behavioral health funds to the State of Michigan** in fiscal year 2025 and beyond.

2. Forego propose reductions to Medicaid through; Shifting to block grants, Per Capita Caps, reducing Medicaid expansion, or other suggested means of reducing the federal share for Medicaid spending which would transfer the financial burden to the state of Michigan.

**BE IT FURTHER RESOLVED**, that copies of this resolution be transmitted to local and state members of the Senate and House of Representatives of the U.S. legislature and the Michigan Association of Counties.

  - Boundary Commission
  - Veterans Counsel
- **Adoptions**
  - Adoption record requests
  - Appointment of uninterested facilitators.

## Probate Judge Honorable Jolene A. Clearwater

Judge Jolene Clearwater is the Probate and Presiding Family Court Judge in Allegan County. She began her judicial career in 2013 as a juvenile and domestic attorney referee and the Director of Family Court Probation with the 48th Circuit Court Family Division in Allegan, Michigan. Judge Clearwater is a graduate of Valparaiso University (Bachelor of Science), the Thomas M. Cooley Law School (Juris Doctorate, litigation concentration), and Franciscan University of Steubenville (Master of Arts). Through her previous work with the 48th Circuit Court, Judge Clearwater managed community probation and diversion in-home care programs that served both formally adjudicated and informally disposed delinquent youth in Allegan County. As an Attorney Referee and Deputy Probate Register, she has over a decade of experience conducting hearings on proceedings

involving juvenile delinquency, child abuse and neglect, minor guardianships, and parenting time and custody issues.

She currently sits on the Tribal Court Relations Committee and the Child Welfare Judicial Workgroup, through the State Court Administrative Office. She previously served on the Michigan Continuing Judicial Education Board and the Board of Directors for Mediation Services. Judge Clearwater regularly trains referees, judges, court staff, attorneys, and caseworkers on various topics involving child protection and juvenile delinquency.

## **Guardians Ad Litem**

Guardian ad litem is an individual appointed by the court to represent the best interests of an alleged legally incapacitated individual in legal proceedings. For a guardianship or conservatorship, the GAL conducts an investigation to determine the individual's needs and to ensure that their best interests are upheld in court. They report to the court what the results of their investigation. They are "the eyes and ears" of the court to assist the Judge in making an informed decision. They are NOT the same as legal guardians.

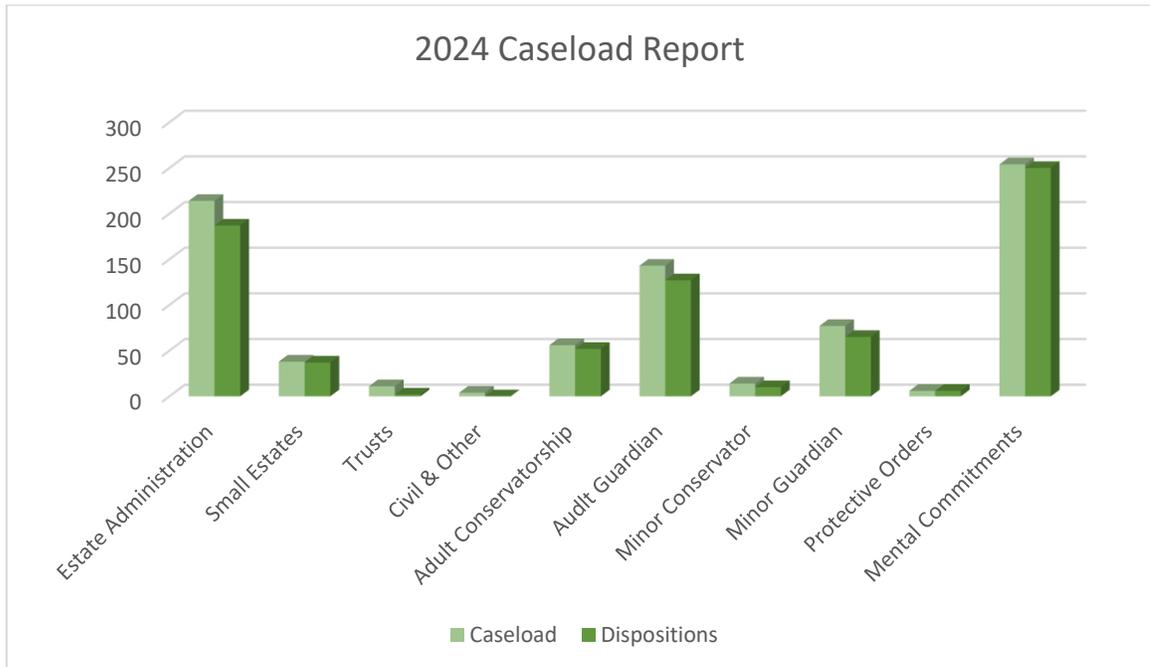

Because the court is legally responsible to appoint GALs, and ensure payment for their services it is a necessary and growing expense of the court. If the petitioner has resources to pay the GAL for their service, it is ordered that they do so. If they are indigent, the county must bear the burden. We have recently seen an increase in need for GALs and a dwindling number available. We are currently attempting to recruit more GALs by raising the hourly rates to be more competitive with neighboring counties, networking and advertising, and maintaining and fostering relationships by providing support and training.

## **Attorney Guardians Ad Litem**

The court also appoints Attorney Guardians Ad Litem for petitions for all developmentally delayed individuals, and sometimes for guardianships or conservatorships. Our attorney roster is critically small. Attorneys who serve in this position, do so at a substantial lesser hourly rate than their private practice rate. It is a much-appreciated service to the court. We are in desperate need of increasing the number of attorneys to be appointed. We are also attempting to recruit attorney GALs to fill this increasing need.

We are so thankful to the GALs and AGALs that we currently have meeting the high demand that we have for them. They are professional, competent, reliable, and necessary.

# Probate Court Caseload

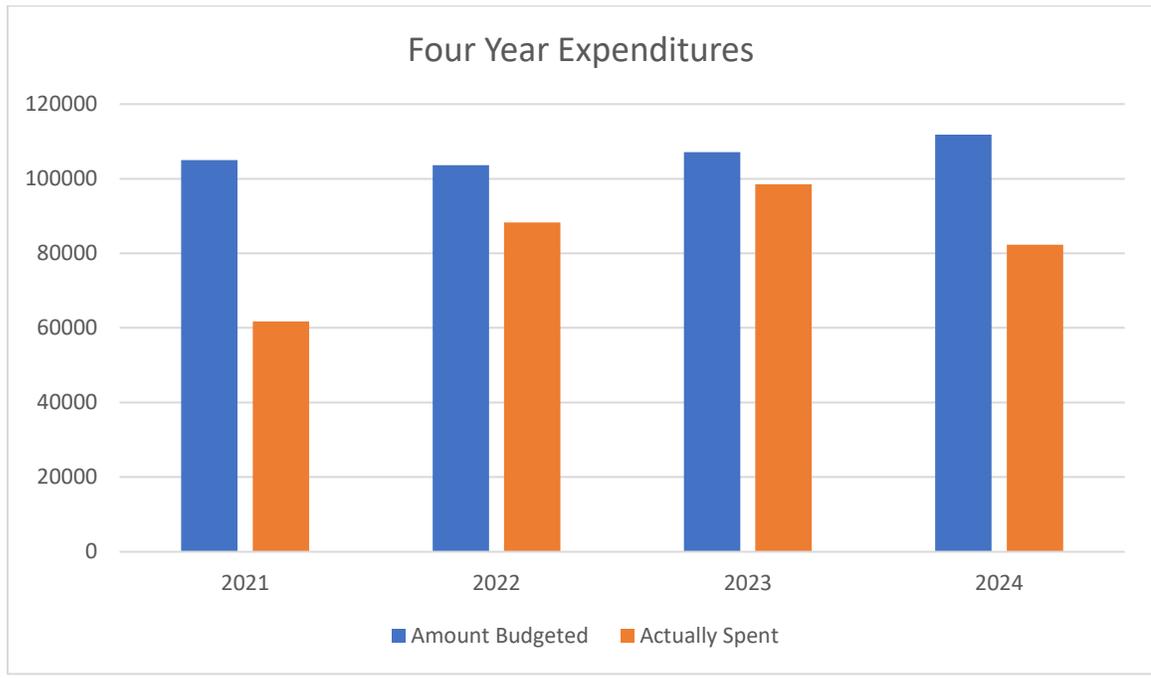

In 2024 the Probate Court handled a total of 776 new filings. The majority of these were comprised of mental health proceedings (254); Decedent Estates (214) and adult guardianships (143).

The dark green represents the total dispositions, or resolutions for cases. The Probate Court disposition rate exceeds the SCAO recommended standards and is above average for the State. Some cases will always be pending at reporting time, and some cases will always take longer than expected, but the Probate Court consistently clears in the 90's, while 2024 saw a 94% disposition rate.

Keep in mind that this graph *only* represents new filings. We are a court that can have a case that is open for a person's lifetime. For example, a petition for a developmentally disabled guardianship is usually filed when the child turns 18 and remains open throughout the ward's lifetime. Guardianship and Conservator cases require annual reporting such as the condition of the ward or an accounting of finances. Also, many petitions are filed to modify an existing guardianship, or seeking permission to sell real estate in a conservatorship for example.

## Expenditures

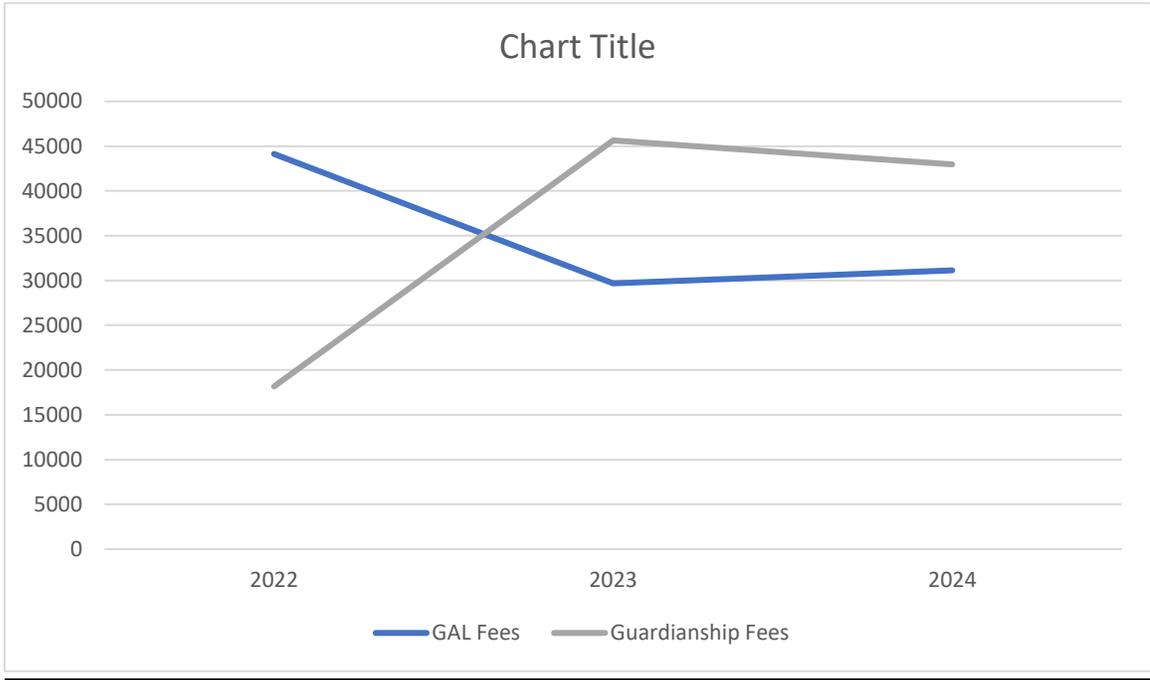

Each year the court consistently is able to remain within the total amount budgeted for Probate Court. We are committed to continuing to do everything possible to lower expenditures where we can and be good stewards of the resources of Allegan County.

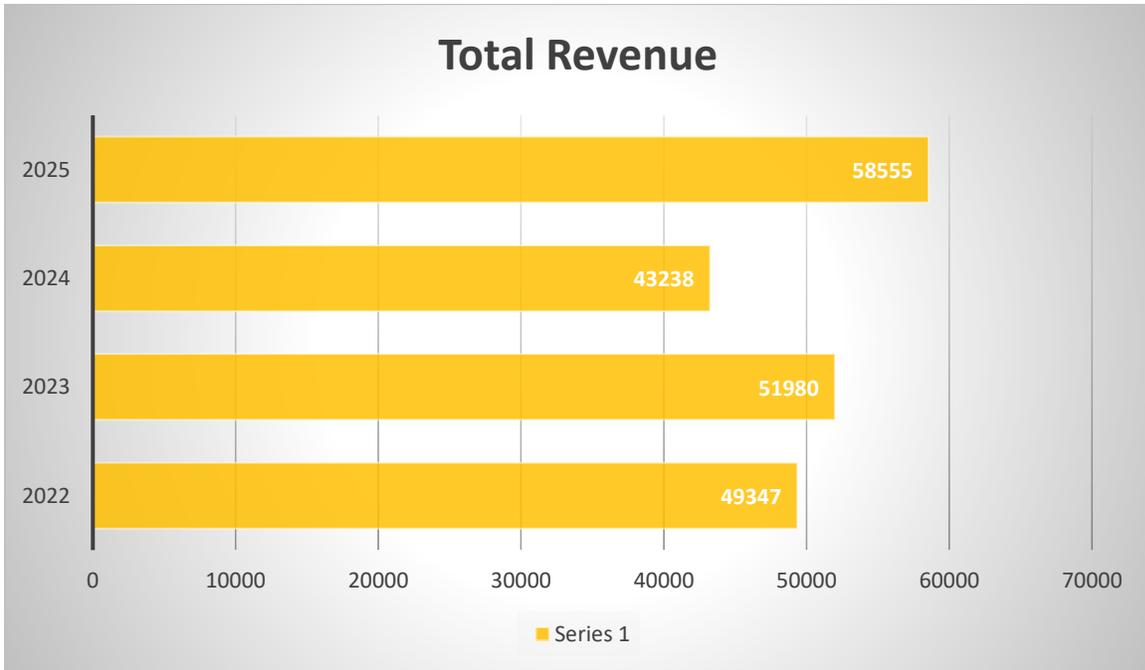

## Attorney and GAL Fees

The biggest expenditures of the court are the GAL and Attorney fees. Many courts use attorneys only in GALs, however, we use non-attorneys for cases that we are not required by state law. This saves the county a considerable amount of money because of the lesser hourly rate given to non-attorneys. There is a great deal of concern about the need for increased wages for GALs, AGALs and Guardians. Our county pays less than all neighboring counties. Our court has decided to increase rates gradually until we reach a competitive rate, in order to retain and recruit.

In the immediate future, we also expect to see an increase in cases filed for decedent estates and for legally incapacitated guardianships and conservatorships due the aging boomer generation population. This will require more appointments of GALs and increase expenditures. We need to be prepared to be able to meet our legal responsibilities.

## Revenues

Most of the Probate Court's revenues are dependent on filing fees and requests for copies. Each year the probate Court has exceeded the average amount it has budgeted for revenue collection over the past 10 years. In 2025, one of the focuses of the Court staff has been to close estates that remain open for nonpayment of the inventory fee. So far, these collection efforts have been successful and we hope to see an increase in revenue as a result of these efforts. The following graph shows revenues for the past four years and the expected revenue for 2025 based on amount received to date. We have also looked forward to improved processes to ensure collection of all revenues due to the court.

## **Court's Professional Guardian Reimbursement Program**

Thanks to funding from the County, the Court has greatly benefited from the professional guardian reimbursement program. This allows professional guardians to be reimbursed at the rate set by the Social Security Administration for services provided to each ward. This rate has recently increased from \$60 to \$83 per month. Without this service, professional guardians, and thus any guardian, would be unavailable for a number of our most vulnerable population.

## **Thank You**

We feel privileged to work in a county that cares about the people that it serves and employs. As the court that protects a vulnerable population of our county residents, we at the Probate Court aim to work together with all departments across the county to continue to provide the best service that we can to our residents.

Gale Dugan County Board Chair  
Allegan County Board of Commissioners  
3283 122<sup>nd</sup> Avenue  
Allegan, MI 49010

Dear Commissioner Dugan,

Enclosed is the Area Agency on Aging of Western Michigan's (AAAWM) proposed Annual Implementation Plan (AIP) for fiscal year 2025.

Upon approval by the State of Michigan Commission on Services to the Aging in August 2025, this plan will secure funding for programs and services that benefit older adults and caregivers, in Allegan County from October 1, 2025, to September 30, 2026.

We kindly request your County Commission's written approval of this plan. Please ensure your response is received by AAWM on or before July 19, 2025. If we do not hear from you by this date, we will assume the County Commission's implied approval of the plan.

Please send your response to:

## Area Agency on Aging of Western Michigan: The Plan Summary FY26

Since its founding in April 1974, the Area Agency on Aging of Western Michigan (AAAWM) has been at the forefront of ensuring older adults, adults with disabilities, and their caregivers across Region 8—spanning Allegan, Ionia, Kent, Lake, Mason, Mecosta, Montcalm, Newaygo, and Osceola counties—have equitable access to the support they need to age with dignity and independence. With a blend of internal expertise, collaborative partnerships, and strategic advocacy, AAAWM continues to lead with innovation and compassion.

### Strategic Progress: Building for the Future

We continue progress in meeting our 2024-2026 Overarching Strategic Plan goals by engaging in new initiatives with agencies to develop partnerships to help diversify funding and expand to meet unfulfilled needs. We have implemented a strategic marketing calendar to build brand awareness to increase referrals to services and are in the process of implementing a new database to track those referrals and strengthen outreach and support region wide. We continue to focus on advocacy to have a greater impact on policy changes and improve our legislative influence by representing those we serve and communicating their needs.

### Strengthening Internal Capacity

To ensure AAAWM remains an inclusive workplace, we have refined our recruitment, hiring, onboarding, and retention practices. These enhancements are paired with ongoing educational opportunities to support professional development and cultivate a collaborative, mission-driven workforce.

### Addressing Senior Housing

We're in active discussions with senior housing agencies to confront the rising cost of rent and the growing number of older adults being priced out of their homes. These partnerships are vital to our strategy in addressing housing instability and home maintenance challenges.

## **Advocacy in Action**

Through steadfast advocacy, we helped secure an additional \$3 million in funding for the Long-Term Care Ombudsman (LTCO) program, adding two full-time LTCO positions to our region and contributing to the statewide goal of 33 new positions. Our FY25 advocacy priorities remain focused on the reauthorization of the Older Americans Act (OAA) and the sustainability of the MI Choice Waiver program, lifelines that provide essential services such as meals, caregiver support, and transportation.

In FY25, our advocacy efforts were grounded in building intentional, long-term relationships with legislators throughout our region. These relationships have allowed us to elevate the visibility of the issues facing older adults and individuals with disabilities, while ensuring our elected officials are informed partners in advancing policies that support these populations. Through consistent engagement, education, and collaboration, we have positioned ourselves as a trusted resource on aging and long-term care issues.

Looking ahead to FY26, our advocacy work will continue to build on these priorities, while also adapting to the evolving policy landscape. We will closely monitor and respond to proposed changes at both the federal and state levels, particularly around Medicaid and OAA funding. As these conversations unfold, we will work to ensure that the voices of older adults and those who serve them remain central to decision-making processes.

## **Financial Stewardship Amid Changing Funding Streams**

We have monitored the Older Americans Act (OAA) funding with the American Rescue Plan Act (ARPA), dollars ending in FY24. By maintaining ongoing conversations with our partner agencies and reviewing spending monthly, we are on track with our OAA spending to avoid any funding cliffs, due to phasing out ARPA dollars. We continue to monitor spending with the anticipated carryover cap resuming at the end of FY26.

AAAWM recently received a MDOT grant in collaboration with our transportation service partners that will help expand service and assist with rising transportation costs.

## **Caregiver Support: Expanding and Innovating**

Caregivers are at the heart of aging in place, and we've taken bold steps to support them. AAAMW opened a new Caregiver Resource Center, expanded caregiver programming through the Caregiver Resource Grant, and launched innovative initiatives like the Caregiver Supplemental Service and Kinship Grandparent Back-to-School Gift Card Program. These initiatives provide both urgent assistance and long-term support, and feedback from families has been overwhelmingly positive.

Through the **Caregiver Resource Center Grant**, we have been able to expand support to caregivers in our region. We renovated part of our building to create a Caregiver Resource

Center where we host caregiver events and programs and have partnered with Impart Alliance for them to conduct DCW Trainings to those interested in joining the much-needed DCW workforce. Programs we have provided under this grant include the Dementia Caregiving Series, Self Care and Mindfulness, Hands-On Skills Training for Informal Caregivers, and expanded the Caregiver Supplemental Service to assist with one-time caregiver needs. We were also able to translate our caregiver service brochures and resources to various languages to increase access to the important services and information. We have been able to take many of these programs out across our region to meet caregivers where they are at and have received positive feedback from these programs.

We've also translated key caregiver resources into multiple languages, improving access and inclusivity across our region.

### **Nutrition: Beyond the Meal**

While home-delivered and congregate meals remain foundational, we recognize that nutrition is about more than food. That's why, looking ahead to FY27, we're exploring partnerships to launch nutrition education and counseling services that address holistic dietary needs for older adults and their caregivers.

### **Options Counseling & Person-Centered Services**

AAAWM is deepening its commitment to person-centered care through the expansion of our Options Counseling services. In collaboration with Regions 4 and 14, we are preparing to roll out Person-Centered Options Counseling (PCOC) alongside SHIP/MIPPA services in FY25. Until full implementation, we continue delivering both Options Counseling and MMAP services without interruption—ensuring clients have access to resources and support that match their individual needs.

### **Data-Driven Equity: Prioritizing Those Most in Need**

Serving those facing the greatest economic and social barriers is not just a goal, it is our mandate. We consistently analyze year-end service data, communicate expectations to our partners, and refine strategies using Social Determinants of Health (SDOH) data. These efforts help us reach underserved populations and promote health equity across our diverse communities.

### **Community Engagement and Visibility**

Our visibility strategy has focused on reaching underserved communities through local expos and marketing events. These touchpoints allow us to connect directly with community members, build relationships, and ensure that resources are known, trusted, and accessible.

### **Veterans Services: Honoring Those Who Served**

AAAWM proudly leads in serving veterans through the Veteran-Directed Home and Community-Based Services (VD-HCBS) program, becoming the first AAA in the country to do so. We've partnered with the Battle Creek VA Medical Center to support mental health summits, connected caregivers with services, and conducted staff training to deepen our understanding of veteran needs. These efforts ensure veterans receive the high-quality, personalized care they deserve.

### **A Year of Impact**

In FY24, AAAWM and its partners served over 15,700 clients—an incredible milestone that reflects the dedication of our network. Our Grandparents Raising Grandchildren initiative provided essential back-to-school assistance to 52 families, while our advocacy helped strengthen key aging programs statewide.

Caregiver support was expanded through hands-on training, mindfulness programs, and caregiver events hosted at our newly renovated Caregiver Resource Center. Interpreter services and improved communication strategies are in development to further reduce access barriers for diverse populations.

### **Looking Ahead**

As we move into FY25 and beyond, AAAWM remains committed to innovation, inclusion, and advocacy. We're navigating challenges within the MI Choice Waiver program, adapting to the evolving policy landscape, and embracing strategies that keep person-centered care at the core of everything we do. Through bold leadership, collaborative partnerships, and a clear mission for the future, we will continue to uplift and empower the aging population of Western Michigan.

## Mental Health Board Organized In County; To Launch Attack On Mental Health Problems

By Mary A. Simons

Allegan County is preparing to launch a full-scale attack on ever increasing mental health problems.

Coinciding with the beginning of National Mental Health Month Allegan supervisors announced May 1 the formation of their first Community Mental Health Services Board.

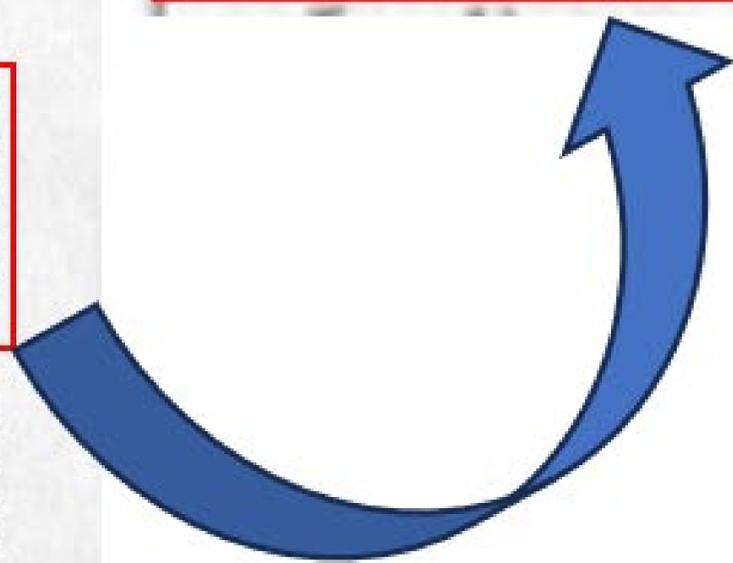

Less than three years after a volunteer committee of concerned citizens inaugurated psychiatric services in the county by bringing in extension clinics on an experimental part-time basis, county officers, convinced by the increasing numbers of

Allegan, has been employed by the board as executive secretary and office manager. The board is currently considering applications for the position of program co-ordinator.

Board Chairman Kyes said the ultimate goal of a projected Community Community Mental Health Center is to provide comprehensive mental health services for the entire county.

In line with this plan, development of the following services is in the offing: in-patient and out-patient care, emergency diagnosis and treatment, and after care (for county patients released from state hospitals).

Board Chairman Kyes said the ultimate goal of a projected Community Community Mental Health Center is to provide comprehensive mental health services for the entire county.

## 2. National Changes

# Public Law 110-21 (HR 1 as Adopted)

- *Medicaid is unique to each state*
  - *States submit “waivers” that have been approved over the years*
- *Many impacts on Michigan’s Medicaid Program*
  - *Consequently, also for people OnPoint serves*
    - on their physical health care as well as their behavioral health needs*
- *Number 1 impact – Fewer people on Medicaid*
  - *Not necessarily fewer people showing up for urgent/emergent care*

# Public Law 110-21 (HR 1 as Adopted)

- *Anticipated market effects:*
  - *Fewer insured people → more uninsured people*
  - *Uninsured → wait until needs are extreme to get help*
  - *Risks of losses from unreimbursed care → reluctance of providers to enter/stay in a rural market*
  - *Providers that stay will → offset uninsured losses from insured patients through cost increases; insurers typically shift risk by burdening patients with narrower coverage, higher premiums and/or higher copays.*

# Public Law 110-21 (HR 1 as Adopted)

- *Anticipated enrollment impacts:*
  - *Shorter enrollment window → fewer insured people*
  - *Risk of errors as 50 states establish 50 new systems to:*
    - *Verify social security numbers each monthly*
    - *Check federal death master file quarterly to assure enrollees are alive*
    - *Redetermine/re-establish eligibility every 6 months*
    - *Document 80 hr/mo work requirements (some exceptions)*
    - *\$35/service copays (some exceptions)*

# Public Law 110-21 (HR 1 as Adopted)

- *Anticipated financing issues:*
  - *Federal match reduced 10% for states that give healthcare to non-legal adults (even if only on the state dime)*
  - *Forced reduction over time of provider taxes to boost revenues*

# Public Law 110-21 (HR 1 as Adopted)

## What I'm keeping in mind:

1. Changes happen over time (up to 10 years) and may be modified or reversed by future laws.
2. Congress gave latitude to administration on how to implement the law. Vigilance will be needed.
3. Lawsuits are likely. No false hopes but no surprise if parts of the law are blocked.

# Public Law 110-21 (HR 1 as Adopted)

## What I'm keeping in mind:

4. Medicaid for general healthcare is way bigger than mental health. CMH funding must be “actuarially sound”. Even if MI gets less federal money, CMH’s must receive adequate funding or MDHHS must reduce benefits without increasing reliance on hospitalization.
5. PL 110-21 doesn’t change Michigan’s benefit plan. Federal waivers continue in force.

# Public Law 110-21 (HR 1 as Adopted)

## What I'm keeping in mind:

6. MI's Medicaid expansion under the ACA covers those ineligible for Medicaid (e.g., single childless adults). Some states will automatically eliminate their expansion when federal funds drop. Not Michigan.
7. None of this distracts us from our responsibility to:
  - (a) serve our community as fully as possible and
  - (b) achieve higher efficiency and productivity in all of our operations.

## **MDHHS launches initiative to strengthen behavioral health care access, quality and choice for Michigan families**

*Online survey offered to identify opportunities and improvements to Medicaid behavioral health services prior to selecting Pre-Paid Inpatient Health Plans*

LANSING, Mich. – The Michigan Department of Health and Human Services (MDHHS) is launching an initiative designed to improve access to quality behavioral health care. As part of this effort, MDHHS is seeking public input through an online survey as the department moves to a competitive procurement process for the state’s Pre-Paid Inpatient Health Plan (PIHP) contracts.

This initiative will help to increase consumer choice and access to services while preserving the Community Mental Health Services Programs (CMHSPs) many Medicaid beneficiaries go to for behavioral health care services today.

“Michigan Medicaid beneficiaries deserve access to behavioral health care services when and where they need them,” said Elizabeth Hertel, MDHHS director. “This effort brings together the investment, creativity and commitment of the department and its partners – including community mental health, health care providers, individuals served and communities – to create a more accessible and person-centered system of care dedicated to ensuring Michigan residents a healthier future.”

Michigan’s specialty behavioral health system provides health care coverage to approximately 300,000 Michiganders, including adults with serious mental illness, children with serious emotional disturbance, individuals with substance use disorder and individuals with intellectual and developmental disabilities. MDHHS contracts with PIHPs as the regional Medicaid managed care entity.

PIHPs are charged with providing adequate supports and services to those in need of the specialty behavioral health benefit and are key to achieving the department’s mission to improve the health, safety and prosperity of residents. PIHPs manage provider networks including CMHSPs and behavioral health providers.

## **MDHHS releases results of behavioral health care survey and details related to PIHP procurement requirements**

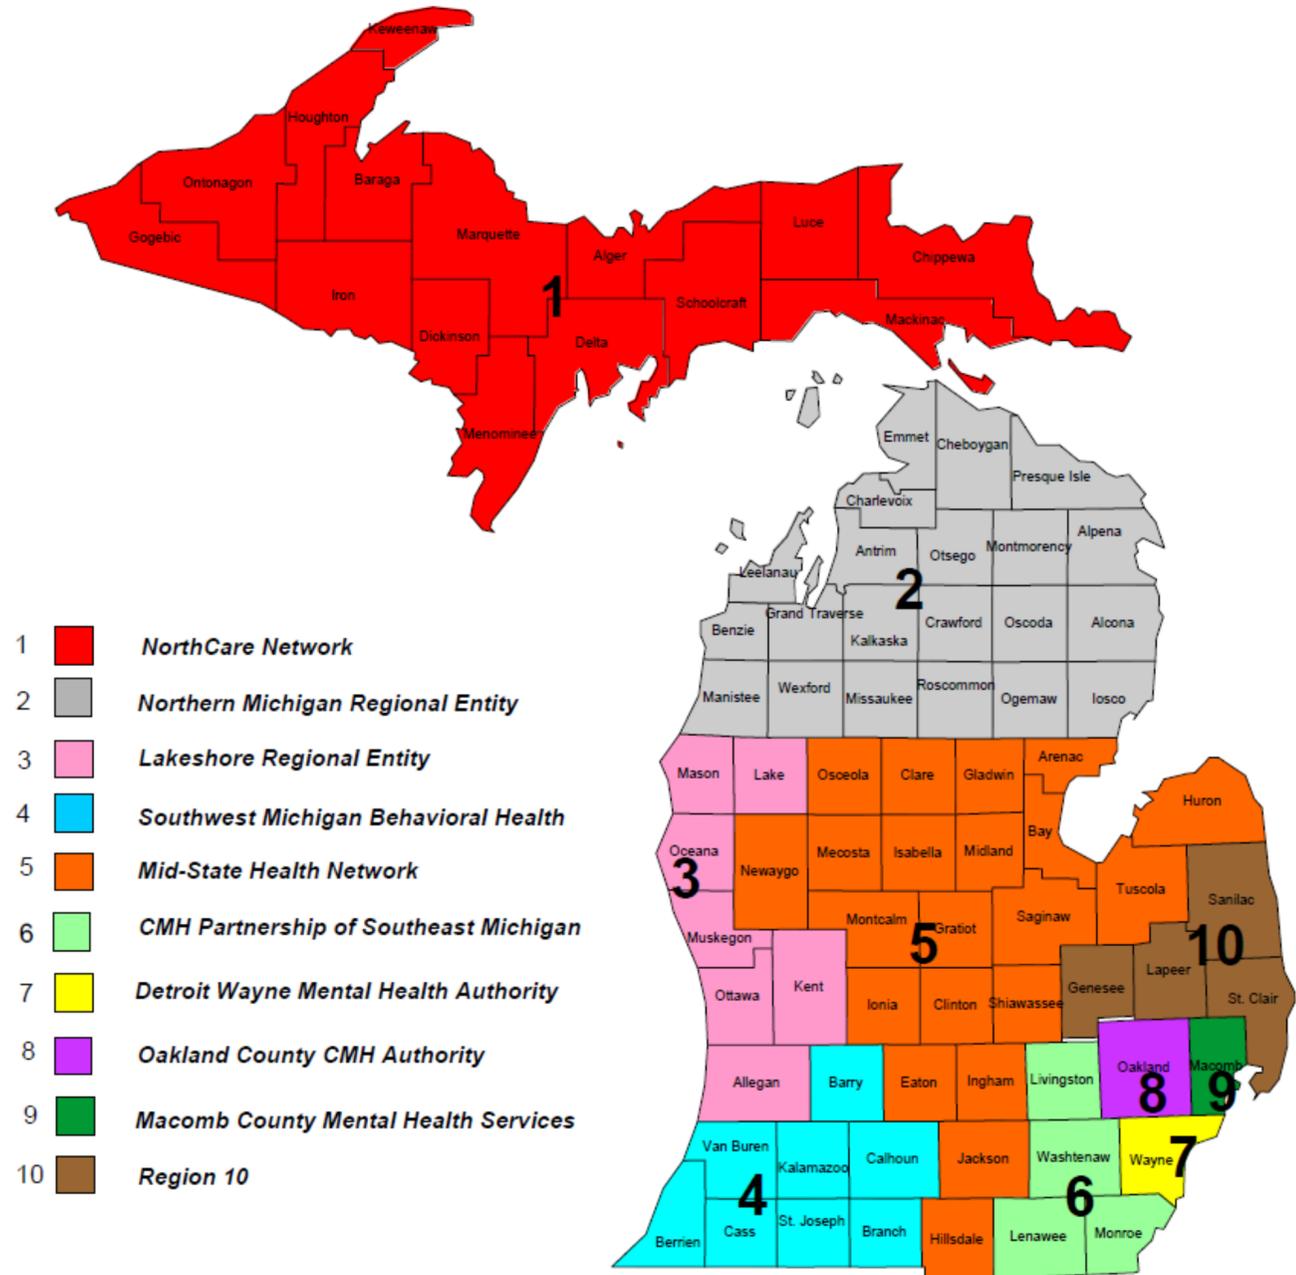

LANSING, Mich. - The Michigan Department of Health and Human Services today released results from its recent survey about behavioral health care as well as information about an upcoming competitive procurement process for the state’s Prepaid Inpatient Health Plan (PIHP) contracts.

Michigan’s specialty behavioral health care system provides health care coverage to approximately 300,000 Michiganders, including adults with serious mental illness, children with serious emotional disturbance, individuals with substance use disorder and individuals with intellectual and developmental disabilities. MDHHS contracts with regional PIHPs to manage and deliver these Medicaid-covered services in communities across the state.

PIHPs are responsible for making sure people receive the behavioral health care services and support they need and manage the network of behavioral health care providers including Community Mental Health Service Providers. They play a vital role in helping the department achieve its mission to improve the health, safety and prosperity of residents.

Through a competitive procurement process, MDHHS will select PIHPs to contract with the state to provide managed care functions for the specialty behavioral health care services.

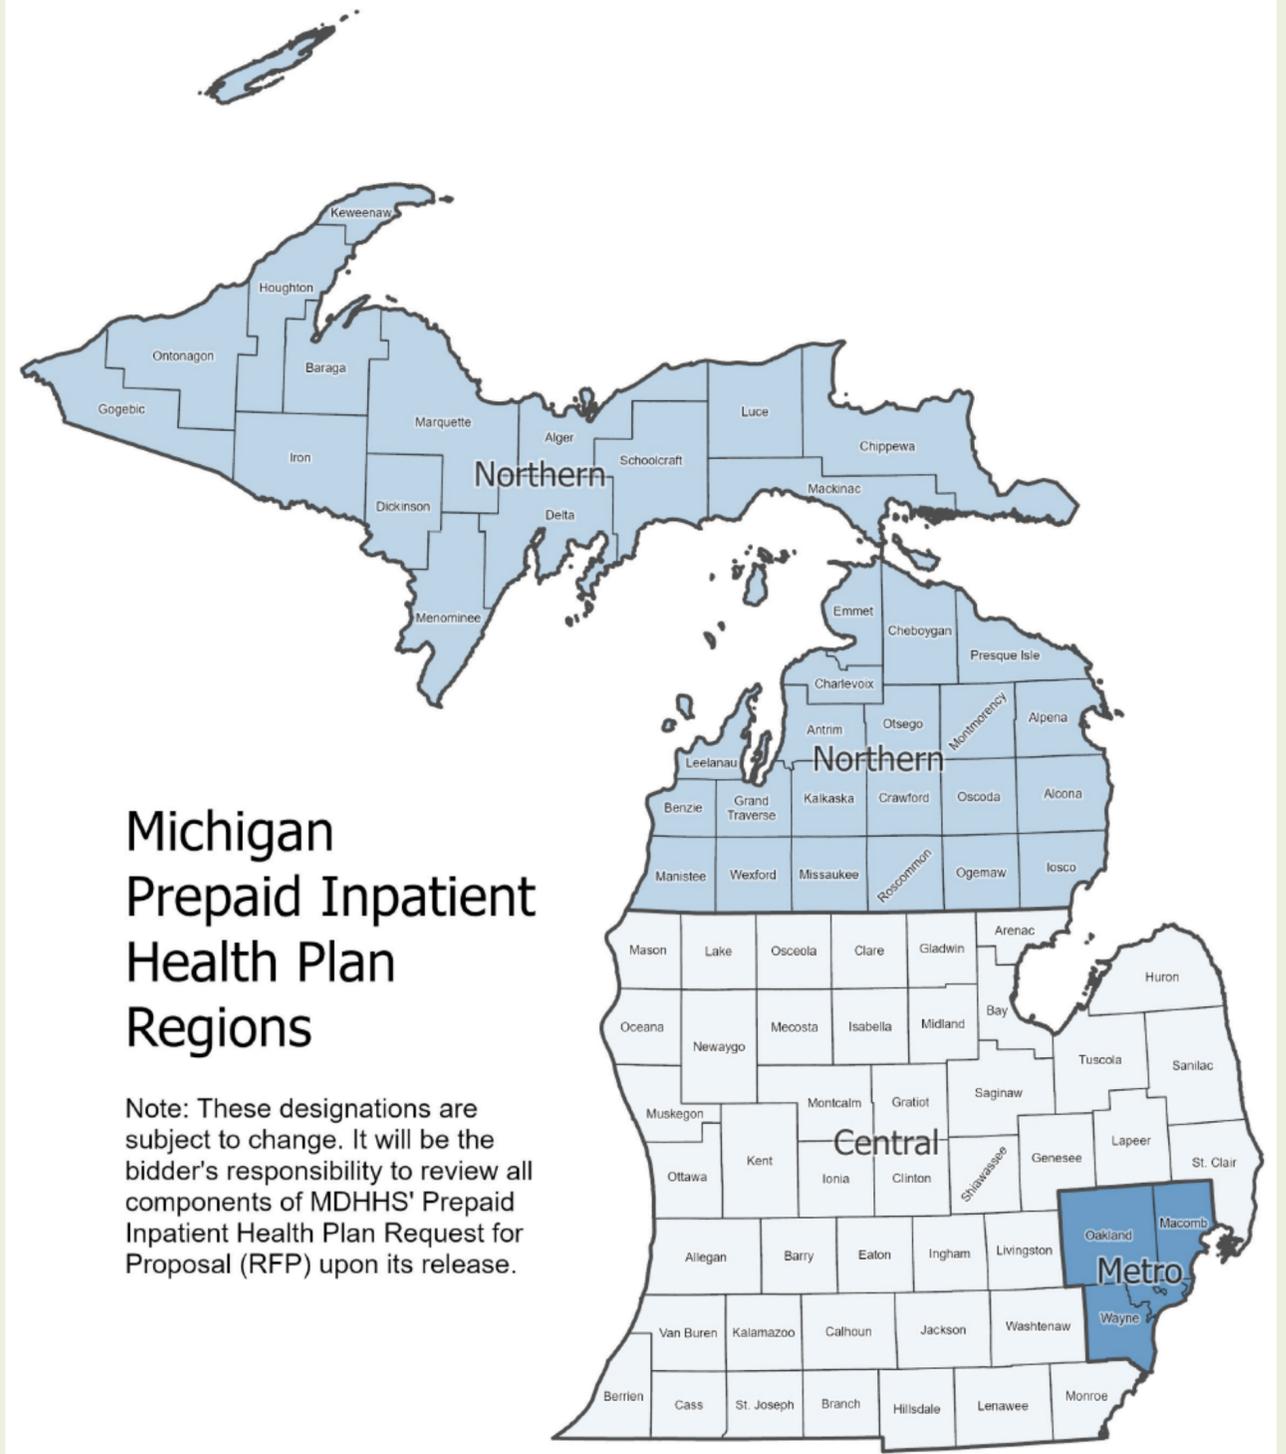

Effective January 1, 2014, Michigan has ten (10) PIHPs, responsible for managing the Medicaid resources for behavioral health and intellectual/developmental disabilities services for Medicaid and Healthy Michigan enrollees.

Note: These designations are subject to change. It will be the bidder's responsibility to review all components of MDHHS' Prepaid Inpatient Health Plan Request for Proposal (RFP) upon its release.

MDHHS plans to issue a request for proposals (RFP) for Pre-Paid Inpatient Health Plans (PIHPs) the summer of 2025 with the goal of a service start date Oct. 1, 2026.

## Anticipated contract requirements for PIHP procurement

### 1. Operate exclusively as a payor entity, fully independent from providers. Including:

- Contractors are expected to provide managed care functions to enrollees. Managed care functions include, but are not limited to, eligibility and coverage verification, utilization management, network development, contracted network provider training, claims processing, activities to improve health care quality, and fraud prevention activities. Contractors may not directly provide or deliver health care services beyond these managed care functions;
- Contractors may not delegate managed care functions to contracted provider entities;
- Contractors must establish and maintain governance for the payor entity that is fully independent of and distinct from any providers with which they contract for Medicaid-covered services, as well as from any owners holding direct or indirect interests in those providers. This governance responsibility includes, but is not limited to, overseeing daily operations, implementing quality protocols, and managing consumer complaints, in accordance with the conflict-of-interest safeguards and ownership disclosure requirements under 42 CFR § 455 Subpart B; and,
- Contractors must have a separate and distinct board structure that is not shared with any contracted provider entity. The board must prioritize meaningful representation from persons served, recognizing their unique insights and lived experience as vital to guiding governance and ensuring decisions reflect the needs and perspectives of those the payor entity serves.

### 2. Have a non-profit organizing structure. Contractors must be considered a nonprofit organization<sup>1</sup>. Additionally, to support public value and encourage collaborative governance, this RFP will grant additional consideration to proposals submitted by:

- **Public Entities** (e.g., municipal agencies, public universities)
- **Public-Private Partnerships (PPPs)** that demonstrate clear governance, risk-sharing, and public benefit.

---

<sup>1</sup> Additional guidance on the definition of a non-profit is forthcoming

### 3. Have National Committee for Quality Assurance (NCQA) accreditation. Contractors with accreditation must provide proof of accreditation status. Contractors that are not currently accredited must provide a detailed plan to obtain NCQA accreditation by October 1, 2027.

### 4. Submit a Regional Proposal. Bidders must submit proposals by region as defined in the RFP, not by individual counties. Bidders may bid on more than one region; however, only one proposal submission is required when bidding on more than one region. Bidders must demonstrate the ability to be fully operational across the entire geographic area of the region for which they are submitting a proposal. Bidders that cannot provide services throughout the entire region will not be considered.

Re: Opposition to MDHHS proposal to bid out PIHP contracts

Dear Gov. Whitmer,

I am writing to express the Michigan Association of Counties' (MAC) strong concern regarding the Michigan Department of Health and Human Services (MDHHS) proposal to solicit bids for the state's Prepaid Inpatient Health Plan (PIHP) contracts. This initiative threatens to privatize the management of Michigan's public mental health system, potentially shifting oversight from locally governed, county-based entities to private for-profit or nonprofit health plans. Such a change could undermine service access and quality, erode local governance and reduce transparency.

BOARD OF COMMISSIONERS OF THE COUNTY OF ALLEGAN

**BOARD OF COMMISSIONERS - OPPOSES THE MICHIGAN DEPARTMENT OF HEALTH AND HUMAN SERVICES' (MDHHS) PLAN**

**WHEREAS**, the State of Michigan currently operates a publicly managed and community-based system for the delivery of specialty behavioral health services through 10 Prepaid Inpatient Health Plans (PIHPs), which are responsible for managing Medicaid mental health, developmental disability, and substance use disorder services; and

**WHEREAS**, the current PIHP system has consistently demonstrated value, local accountability, and community engagement, while successfully managing costs and improving health outcomes for vulnerable populations; and

**WHEREAS**, the Michigan Department of Health and Human Services (MDHHS) recently announced plans to initiate a competitive procurement process for the management of PIHP functions, which may open the door to private, non-

## Resolution of the OnPoint Board of Directors on the Proposed Bid-Out of PIHP Services by MDHHS

The Board of Directors of OnPoint, in a meeting of the Board of Directors that was duly noticed, called, and at which a quorum was present to conduct business and which was held on June 17, 2025, hereby takes the following actions and resolutions regarding the proposed bid-out of Pre-Paid Inpatient Health Plan services by the State of Michigan:

**WHEREAS**, the State of Michigan currently operates a publicly managed and community-based system for the delivery of specialty behavioral health services through 10 Prepaid

# Protecting People Over Profit

Public Management of Michigan's Behavioral Health System

On February 28, 2025 the Michigan Department of Health and Human Services (MDHHS) announced that they are seeking public input through an online survey as the department moves to a competitive procurement process for the state's Pre-Paid Inpatient Health Plan (PIHP) contracts. **Our concern is that such bid-out plans, in the past, have opened the door to the privatization of Michigan's public mental health system.**

## Unmandated Competitive Procurement: A Risky Proposal That Adds Chaos to Care

Potential funding cuts on the horizon

Disrupts care and creates confusion for those relying on critical services

Procurement process is NOT being driven by Federal rules or requirements

Sufficient Funding

Ensure & Enhance Local Voice

Reduce Administrative Overhead

Increase Workforce & Network Capacity

### • Sufficient Funding

Funding for the core mental health and I/DD services has remained FLAT over the past 5 fiscal years (including \$0 general fund increase) while medical inflation has increased by over 10%\* and Medicaid expenses have increased by nearly 25%. **Inadequate funding leads to shortages in available services, long wait times, and a lack of quality mental health providers.**

### • Ensure & Enhance Local Voice

Only a publicly managed system protects local input. **Privatization removes people's power, shifting care decisions to out-of-state boards with no direct ties to Michigan communities.**

### • Reduce Administrative Overhead

Collectively PIHPs have a MLR (Medical Loss Ratio) of 96.3%. The **ONLY** way to reduce layers and ensure more money goes directly into services is by reducing administrative overhead, which has dramatically increased over the past 5 years. **More bureaucracy means longer wait times, more hoops to jump through, and fewer resources for essential care.**

### • Increase Workforce & Network Capacity

3/4 of Michigan's public mental health organizations are experiencing workforce gaps despite salary increases or retention bonuses. Top reasons people leave the public mental health field: (1) too much paperwork / administrative hoops to jump through, and (2) better pay and work life balance. **A shortage of mental health workers means longer wait times, fewer available services—leaving Michigan's most vulnerable without the support they need.**

## WHAT IS MDHHS PROPOSING?

The Michigan Department of Health and Human Services (MDHHS) has released a **Request for Proposals (RFP)** for restructuring the state's Prepaid Inpatient Health Plan (PIHP) system. The proposal would:

- Redraw the state from **10 PIHP regions down to three**
- **Remove local decision-making authority** from current PIHPs and CMHSPs (Community Mental Health Services Programs)
- Allow new regional entities – including **private health plans** – to manage Medicaid Specialty behavioral health funding and services
- **Reduce/eliminate local decision making** for the county governments related to Medicaid Specialty behavioral health services in their communities

As currently written, **existing PIHPs would not be eligible to submit a proposal** without significant reorganization, effectively dismantling the public mental health system that has existed for over 60-years.

01.

## WHAT ARE PIHPs + CMHSPs, AND HOW DOES FUNDING FLOW THROUGH THEM?

02.

Michigan's public mental health system uses a **county-based model**, where services are delivered locally by **Community Mental Health Services Programs (CMHSPs)** and managed regionally by **Prepaid Inpatient Health Plans (PIHPs)**.

- **PIHPs** are regional entities that **contract with MDHHS** to manage Medicaid behavioral health dollars. They receive funds from the state and distribute them to CMHSPs and other providers, while also handling oversight and reporting.
- **CMHSPs**, like LifeWays, are local public agencies that **provide direct behavioral health services** – such as therapy, case management, crisis care, and supports for people with serious mental illness, developmental disabilities, and substance use disorders. They receive funding from their PIHP to deliver these services in their communities.

In short: **funding flows from MDHHS → PIHPs → CMHSPs**, ensuring that **local agencies make care decisions based on community needs**.

The proposed PIHP procurement would disrupt this structure by removing funding and decision-making from CMHSPs and shifting control to new regional entities – some potentially private or out-of-state.

## WHY IS THIS CONCERNING?

According to the Community Mental Health Association of Michigan (CMHAM), this proposal would:

03.

- **Eliminate local governance and oversight**
- **Disrupt long-standing relationships** between counties, CMHSPs, and PIHPs
- **Allow private, non-local health plans** to control behavioral health funding and service utilization
- **Weaken accountability** by removing requirements to comply with the Open Meetings Act and FOIA
- **Strip consumer voice** by removing mandates for people with lived experience to serve on governance boards

As currently written, **existing PIHPs would not be eligible to submit a proposal** without significant reorganization, effectively dismantling the public mental health system that has existed for over 60 years.

## WHAT IMPACT WILL THIS HAVE ON FUNDING?

04.

- Public PIHPs in Michigan currently operate with an **average administrative cost of 2%**.
- Private health plans – eligible under this proposal – are allowed to keep **up to 15%** for administration and overhead, the federal medical loss ratio standard.
- According to CMHAM, this would result in a **projected \$500 million loss annually** to direct behavioral health services.

(Source: CMHA presentations, June 2025)

## WILL THIS IMPROVE SERVICES?

05.

There is no evidence that this change will improve care. In fact, CMHAM and national data from other states with similar models show:

- **Increased wait times**
- **Lower service quality**
- **Decreased provider rates**
- **High provider turnover and closures**

The proposal is based on a **medical model** that fails to reflect the complexity of behavioral health care and community-based services.

## WHO WILL THIS AFFECT?

This proposal will impact **some of Michigan's most vulnerable residents**, including:

- **Children with serious emotional disturbance (SED)**
- **Adults with serious mental illness (SMI)**
- **People with intellectual or developmental disabilities (I/DD)**
- **Individuals with substance use disorders (SUD)**
- **Families and caregivers who rely on local support systems**

Under the proposed changes:

- These individuals may experience **delays or denials of essential services** due to the loss of local authority to approve care.
- **Critical services** like Community Living Supports (CLS), respite care, and specialized residential services — designed to support people with complex needs — would be harder to access in a centralized or privatized system.
- The system would return to a **fee-for-service model**, which does not work well for behavioral health. It was previously abandoned in 1996 because it led to fragmented care and limited flexibility in meeting individual needs.

A fee-for-service model pays providers for each individual service they deliver — such as a visit, test, or session — based on approved billing codes. While common in medical care, it often fails to meet the needs of behavioral health, where care is ongoing, complex, and less easily billed in isolated units.

06.

## DOES THIS PROPOSAL FOLLOW MI LAW?

As written, the proposal may violate several key Michigan laws:

- **Michigan Mental Health Code**  
Requires local governance, county delegation, and consumer involvement in behavioral health oversight. The new model would remove or severely limit these elements.
- **Michigan Social Welfare Act**  
Establishes the role of county governments in delivering welfare services. The proposal bypasses counties, reducing or eliminating their decision-making role.
- **The Headlee Amendment**  
Prohibits the state from shifting responsibilities to local governments without funding. By restructuring CMHSPs without compensation or input, this may trigger a constitutional conflict.

These concerns have been raised publicly by CMHAM leadership, including CEO Bob Sheehan and Associate Director Alan Bolter, during board and conference presentations in May and June 2025.

Additionally, **MDHHS has not yet submitted this proposal to the Centers for Medicare & Medicaid Services (CMS)** – a required step for federal approval of Medicaid funding changes.

07.

## ISN'T THIS JUST A PAYMENT MODEL CHANGE?

No. This proposal goes far beyond a change in how providers are paid. It would:

08.

- Allow **private, non-local entities** to control public mental health dollars
- Remove **consumer voice** and eliminate requirements for **local board oversight**
- **Privatize** the behavioral health system, favoring bidders with no local presence or track record
- **Undermine** decades of public infrastructure and investment
- **Eliminate transparency and accountability** by removing requirements for public entities to follow the **Open Meetings Act and Freedom of Information Act (FOIA)**

These changes dismantle core principles of Michigan's public mental health system: local control, public input, and transparency.

## WHAT IS CMHAM DOING ABOUT THIS?

CMHAM is actively opposing this proposal and engaging in **legislative advocacy**, urging policymakers to halt the process. They've launched an **Action Alert platform** to help providers, staff, and the public contact their legislators.

## Quarter 2 Board of Commissioners' Update

### Allegan County Health Department (ACHD)

#### ACHD Activities During the Most Recently Concluded Quarter (2025 Q2)

**ACHD Measles Case Response:** The ACHD had a confirmed measles case in June. This marked the first confirmed case in the county in 2025. The Communicable Disease (CD) Team conducted case investigations and contact tracing for the case. The ACHD collaborated with the Kent County Health Department (KCHD) and Michigan Department of Health & Human Services (MDHHS) for unified public messaging, contact notification, and surveillance. The ACHD's Communications Team interfaced with the KCHD Public Information Officer to issue a joint press release to notify the public of areas where exposures may have occurred. The release also included educational resources, as well as contact information. Potentially exposed Allegan County Residents were monitored by the ACHD CD Team. ACHD's Immunization Team also offered consultation regarding immunity status and vaccinations for Allegan County Residents.

**Palisades Decontamination Center Drills:** Several ACHD staff members participated in the radiological emergency response drills and FEMA-graded exercises coordinated by Allegan County Emergency Management. ACHD staff were responsible for issuing dosimetry, calibrating instruments, conducting the safety briefing, and tracking worker doses. The ACHD also staffed a station within the decontamination line and provided public reception. The drills and exercises occurred at Otsego High School and the Fennville Athletic Center.

**Environmental Health Department, New Team Members:** The EH Department has filled five (5) positions in the quarter. These positions vary from EH Food Team Sanitarians, EH Public Health Technicians and Groundwater Specialist. We are excited to have these positions filled and look forward to these Teams Members fully trained and working in their respective fields of expertise.

**Environmental Health Field Team, Environment, Great Lakes and Energy (EGLE) Private and Type III Field Audit:** In June, the EH Field Team was audited by EGLE for the Private and Type III Well field audit. The Team, some of whom participated in this audit for their first one, received a great report for their permitting and final inspections, and overall had a successful audit.

#### ACHD Activities Forecast for Quarter Ahead (2025 Q3)

**Vector Monitoring:** ACHD will continue monitoring for mosquitos and ticks throughout the summer season. This monitoring includes setting mosquito traps and performing tick drags. Any deer/black legged ticks will be sent in, at the end of the season, for testing of Lyme disease. The results will not be known until next year. In 2024, 1 out 5 deer ticks tested positive for Lyme disease. Allegan County residents are welcome to contact the ACHD with questions and tick pictures.

**Gearing Up for the Allegan County Fair:** The ACHD EH Food Team will be inspecting all of the food vendors at the Fair. The EH Food Team has been performing these inspections for the past 3 years. There are

## HEALTH Department

approximately 60 – 65 food vendors that need to be inspected prior to serving the public. Inspections ensure that vendors are meeting health safety measures to keep everyone safe at the fair.

**Household Hazardous Waste (HHW) Collection Events:** The next HHW collection will be held on October 4, 2025, at the Otsego Department of Public Works 243 N. Farmer St, Otsego from 9:00 am – 12:00 pm. This event is open to all Allegan County residents, and we encourage people to stop by with any household hazardous waste or electronic waste.

**Rabies Exposure Monitoring:** In the U.S., rabies is mostly found in wild animals such as bats, raccoons, skunks, and foxes. There is also a rabies risk with dog and cat bites which traditionally spike in the summer months. If a person does not receive the appropriate medical care after a potential exposure to rabies, the virus can infect the brain and result in death. As of June 30 2025, ACHD has conducted 124 rabies exposure investigations – 23 of those clients began post exposure prophylaxis (PEP). This is up from 2024 data collected for the same time range of 93 investigations and 10 clients on PEP. There has been one rabies positive bat identified in Allegan County in 2025. For a comprehensive report please see [State of Michigan Rabies Report 2025](#) .

### Anticipated Public Health Situations in Year Ahead

**School Readiness Preparation:** ACHD is gearing up for the 2025/2026 school year. This includes attending kindergarten round-ups to perform hearing and vision screenings, dental exams, and vaccine readiness, as well as performing these services in the office for clients of all ages. ACHD also meets with school staff and daycares to train these entities on how to report communicable diseases and student/child vaccine status.

**Downsizing the Community Links Program:** ACHD is downsizing its Community Links program due to funding not being extended into 2025/2026, as well as staff members leaving for other career opportunities. This program provided referrals, assistance, and information on various community services. ACHD staff will still provide referrals and information on community resources, but will no longer be able to provide hands-on guidance due to staffing capacity.
