RESOLUTION 2025-19

Resolution Supporting Michigan Senate Bills 293 and 294

WHEREAS, Senate Bills 293 and 294 would create an effective bond-or-forfeit process that would apply when an animal is seized due to a pending or active court case involving a violation of Michigan law prohibiting animal neglect (MCL 750.50) or cruelty (MCL 750.50b) by the animal's owner; and

WHEREAS, the inclusion of an effective bond-or-forfeit process in those statutes, which would require a defendant/owner charged with animal neglect or cruelty to forfeit the animals to the seizing agency or pay for the costs of the animal's care and housing with a bond, would benefit both animals and the people in Michigan; and

WHEREAS, the current bond-or-forfeit process applicable in cases of animal neglect or cruelty, creates a burden for seizing agencies such as Chippewa County Animal Control, as the one holding the animal, responsible for housing, food, veterinary care, and other costs as the animal is held for the duration of criminal proceedings; and

WHEREAS, without an effective process, animals continue to be victims and when they have to remain in a shelter for an extended period of time, it is not only detrimental to the animals, but to the staff and volunteers of the facility also; and

WHEREAS, precedent has been set in that the bond-or-forfeit process that is being proposed for MCL 750.50 and MCL 750.50b, is already included in MCL 750.49, Michigan's animal fighting statute; and

WHEREAS, Chippewa County Prosecutor Robert Stratton and Animal Shelter Manager Holly Henderson are asking the Chippewa County Board of Commissioners for a resolution of support for the Senate Bills.

NOW, THEREFORE, BE IT HEREBY RESOLVED THAT the Chippewa County Board of Commissioners support Senate Bills 293 and 294 that would create an effective bond-or-forfeit process for animals seized due to pending or active court cases involving violations of animal neglect or cruelty by the animal's owner.

BE IT FURTHER RESOLVED that the County Clerk shall forward copies of this resolution to the Governor of the State of Michigan, the Majority Leader of the Michigan Senate, the Speaker of the Michigan House of Representatives, all Michigan counties for their consideration and action and distribute to all County Clerks.

RESOLUTION DECLARED ADOPTED.

I hereby certify that the foregoing is a true and complete copy of a resolution adopted by the Board of Commissioners for the County of CHIPPEWA, Michigan, at a regular meeting held on the 11th day of September 2025, the original of which resolution is on file in my office. I further certify that the meeting was held, and the minutes therefore were filed in compliance with Act No. 267 of the Public Acts of 1976.

IN WITNESS WHEREOF, I have hereunto affixed my official signature on this 11th day of September 2025.

Minutes of a regular meeting of the Wexford County Board of Commissioners, held at the Wexford County Courthouse, 437 E. Division St., Cadillac, Michigan on the seventeenth of September 2025 at 4:00 p.m.

PRESENT: Sogge, Nelson, Nyman, Bengelink, Bush, Baughan, Potter, & Taylor.

ABSENT: Theobald

The following preamble and resolution were offered by Commissioner Nyman and supported by Commissioner Bush.

**RESOLUTION NO.25-15
OPPOSING HOUSE OF REPRESENTATIVES'
FY26 BUDGET CUTS TO COUNTY REVENUE SHARING**

WHEREAS, counties are mandated by the State of Michigan to provide essential public services including courts, jails, elections, public health, public safety and human services; and

WHEREAS, unlike cities, villages and townships, counties do not receive constitutionally guaranteed revenue sharing and instead rely solely on statutory revenue sharing, leaving counties uniquely vulnerable to annual state budget decisions; and

WHEREAS, the House of Representatives' version of the Fiscal Year 2026 state budget proposes a \$34.9 million reduction in county statutory revenue sharing, wiping out the long-overdue progress made in FY25 to restore revenue sharing to sustainable levels; and

WHEREAS, the House plan, if enacted, would leave counties with just over \$256 million in statutory revenue sharing statewide, while constitutional revenue sharing for cities, villages and townships (CVTs) is set to reach \$1.1 billion, and when combined with statutory revenue sharing, CVTs would get \$1.4 billion; and

WHEREAS, the House plan shifts \$40 million into restricted sheriff funding with strings attached, requiring counties to maintain higher law enforcement funding levels, even as flexible revenue sharing is reduced, thereby further straining already-limited general funds; and

WHEREAS, public safety dollars directed exclusively to sheriffs are not equivalent to revenue sharing, since they cannot be used to support the wide range of mandated services counties must provide; and

WHEREAS the Senate budget proposal provides just over \$320 million in county statutory revenue sharing, an increase of \$29.1 million over FY25, and includes \$60 million for public safety that can be allocated at the discretion of county boards of commissioners rather than bypassing them; and

WHEREAS, the Senate approach respects county governance, strengthens general fund flexibility, and better equips counties to meet their broad statutory responsibilities.

THEREFORE, BE IT RESOLVED, that Wexford County Board of Commissioners strongly urges the Michigan Legislature and governor to reject the House revenue sharing cuts and support the Senate's proposal to increase county revenue sharing and provide flexible funding for public safety needs; and

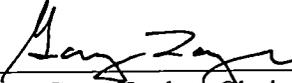

BE IT FURTHER RESOLVED, that copies of this resolution be transmitted to Governor Gretchen Whitmer, Senate Majority Leader Winnie Brinks, House Speaker Matt Hall and Chairs of the House and Senate Appropriations Committees.

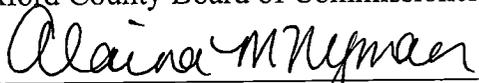

A ROLL CALL VOTE WAS TAKEN AS FOLLOWS:

AYES: Bush, Baughan, Potter, Sogge, Nelson, Nyman, Bengelink, and Taylor.

NAYS: None.

LETTER FROM THE PROSECUTING ATTORNEY

Dear Allegan County Board of Commissioners and citizens of Allegan County:

I am pleased to present to you my first Annual Report as the newly elected Prosecuting Attorney. It is my hope that the information presented to you will be both helpful and informative. As you know, this report is for 2024, and I did not take office until January of 2025.

I did not receive any cooperation from the outgoing prosecutor and was initially not allowed to interview the staff and attorneys prior to starting in office. Thanks to the County Administration, I was able to procure times at a location outside of the prosecutor's office to interview the staff prior to the onset of my tenure. Those interviews were extremely helpful and all but one of the legal specialists were invited to stay on. Fortunately, the rest of the staff employed in 2024, when given the option, chose to stay working with the new management team and are excelling in their positions at this point. I chose not to re-appoint three Assistant Prosecutors and brought in three experienced attorneys to begin 2025, with two of them being former Assistant Prosecutors in Allegan County.

Steve Sedore was particularly helpful to the changeover. In 2024, he met with me and Jessica Winsemius, my Chief Assistant Prosecutor and the former Allegan County District Court Administrator, in an attempt to make sure that the upcoming office renovation was going to be efficient and would serve the needs of the Office of the Prosecuting Attorney. I was shocked to find that the plans prior to my involvement included office cubicles for 16 Assistant Prosecutors and five other offices for Assistant Prosecutors. It was, as we were informed, the ten-year plan for this office. Mr. Sedore was instrumental in changing the office layout to accommodate our wishes, and we now have a beautiful space with the ability to accommodate up to 13 Assistant Prosecutors over the next ten years. We currently have 10 Assistant Prosecuting Attorneys. As is obvious, the 10-year plan for Assistant Prosecutors has changed somewhat dramatically.

Unfortunately, there are no guarantees as to the accuracy of the numbers presented in this Report. My predecessor received a \$184,000 grant from PAAM to switch to Prosecutor by Karpel, a new paperless system for prosecuting attorney offices and law enforcement. Prior to that, the office, under my predecessor, was using the ACT office system and using paper files. The Prosecutor's Office began using a portion of Karpel sometime in 2024. At the start of 2025, Karpel was being significantly underutilized and the support staff was attempting to do both Karpel and paper files. Finally, my predecessor was absent from the office for a sizable period of time between the August primary and when I was sworn in in January of 2025. As a result, all numbers presented for 2024 must be considered potentially inaccurate. The numbers for 2025 will be much more trustworthy as our office has fully engaged with the Karpel paperless system.

I look forward to working with you all and to serving the citizens of Allegan County.

Sincerely,

Michael Villar

Duties of the Prosecuting Attorney

The Michigan Constitution mandates that every county elect a Prosecuting Attorney. The duties of the prosecutor are statutorily defined in Michigan.

The Prosecuting Attorney acts as the Chief Law Enforcement Officer for Allegan County.

The Prosecuting Attorney is responsible for a wide array of legal functions for the County.

The prosecutor is responsible to do the following:

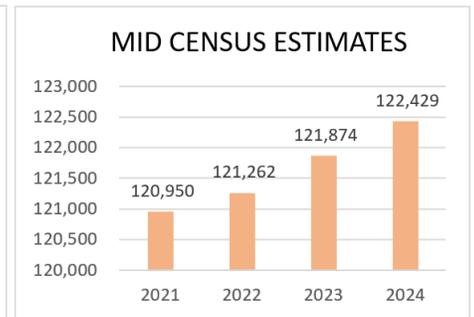

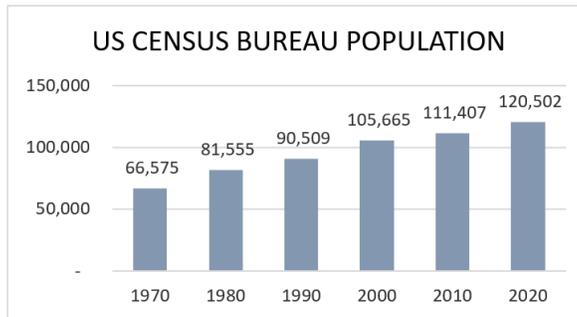

- ◆ Act as the chief law enforcement official in the County.
- ◆ Review, authorize and prosecute violations of felony and misdemeanor criminal laws of the State of Michigan and County ordinances committed inside the County.
- ◆ Authorize and prosecute felony, misdemeanor and juvenile delinquency offenses.
- ◆ Represent the County in criminal matters before the District and Circuit Courts; juvenile delinquency, parental neglect and contested mental health commitment hearings as well as other miscellaneous probate matters in the Family Court; and appeals in the Court of Appeals and Michigan Supreme Court.
- ◆ Advise the Michigan Department of Human Services on child abuse and neglect petitions, and actions to terminate parental rights.
- ◆ Advise the County Board of Commissioners and other County departments on legal matters.
- ◆ Primary law enforcement agencies in Allegan County include
 - ◇ Michigan State Police,
 - ◇ Allegan County Sheriff's Office,
 - ◇ Gun Lake Tribal Police,
 - ◇ West Michigan Enforcement Team (WEMET),
 - ◇ South West Enforcement Team (SWET),
 - ◇ Department of Natural Resources (DNR),
 - ◇ Plainwell Department of Public Safety,
 - ◇ Otsego City Police Department,
 - ◇ Wayland City Police Department,
 - ◇ Holland City Police Department,
 - ◇ Allegan City Police Department
 - ◇ Douglas Police Department.

POPULATION

Out of the 83 counties in Michigan, Allegan County is no longer one of the top 5 fastest growing counties in the state. As of 2025, Allegan County is 29th in growth of Michigan counties.

I have included the Census.gov website (<https://www.census.gov/data/tables/time-series/demo/popest/2020s-counties-total.html>) to show the growth of Allegan County from 1970-2020. I've also included estimates for mid census population.

Population by Year		% Increase
1970	66,575	
1980	81,555	22.50
1990	90,509	10.90
2000	105,665	16.70
2010	111,407	5.40
2020	120,502	8.16

CRIMINAL CASE CHARGING DUTY

Under Michigan Law, it is the duty of the Prosecuting Attorney to decide if someone will be charged with a crime and the precise nature of that charge. Police agencies submit their investigative reports to the Prosecuting Attorney to determine if a factual and legal basis exists to initiate prosecution. The Prosecuting Attorney has a responsibility to carefully review reports and properly charge suspects. Each investigative report, if it results in a charged crime, could result in a jury trial in District Court, Circuit Court, or Family/Probate Court; and a jury trial could cost Allegan County between \$300.00 and \$800.00 per day of trial or even more. In 2024 the Prosecutor's Office lost 16 of 20 misdemeanor trials in District Court. There were also 26 Circuit Court felony

trials that took place during 2024. The Prosecutor’s office won 18 of the 26 trials (69.2%). Historically, Allegan County held about 12 trials per year. In 2023 there were 38 trials and in 2024 there were 26 trials. There have been 8 trials in 2025. We have won 7 of those, and 2 more pled guilty the day of trial.

The chart in the previous page shows the number of Adult and Juvenile charging requests and Abuse and Neglect petitions received by our office and how many charges were denied since 2015.

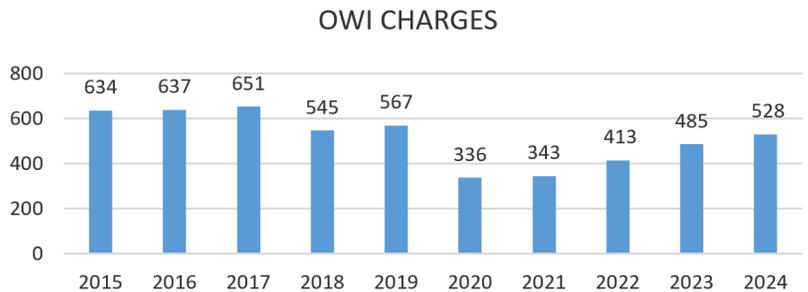

During the last year, this office reviewed 3524 adult and Juvenile request for charges. We received 50 new Abuse and Neglect petitions. That number is down significantly from the 4447 Adult and Juvenile requests in 2023. Again, this highlights the potential unreliability of the 2024 numbers.

On average, the office received 15.8 requests for adult and juvenile charges each day and 4.2 new Abuse and Neglect cases each month during 2024.

The Office of Prosecuting Attorney has to staff the 8 courtrooms and hearing rooms in the Circuit, District and Family Courts, and also has to have attorneys available to review requests for arrest warrants and search warrants, among many other required statutory duties. Due to the serious nature of criminal cases and county civil liability, it is necessary for Assistant Prosecutors to have a sufficient amount of time to review investigative reports and prepare for each hearing.

Operating While Intoxicated (OWI) Cases

In 2024, 528 individuals were charged with Drunk Driving. The chart below shows the total number of Drunk Driving Charges authorized from the years 2015 through 2024. There were two counts of OWI causing death, and 11 counts of OWI causing serious injury. There were 22 counts of OWI with an occupant under the age of 16. There were 9 cases where juveniles were charged for having a blood alcohol content while driving.

In 2023, there were 65 counts of felony level OWI, 1 count was OWI Causing Death, 8 counts of OWI Causing Serious Injury and 4 counts of OWI with an Occupant under the age of 16.

Domestic Violence

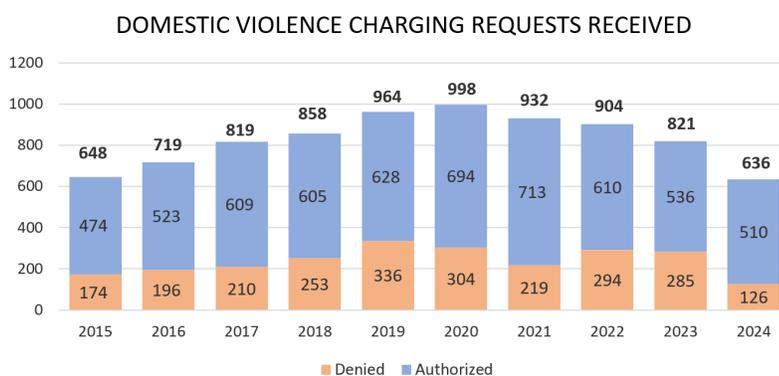

Domestic Violence is abuse perpetrated by one or both partners involved within an intimate or family relationship. Domestic Violence is considered to be fairly expansive in nature, due to the fact that it may include a wide range of victims, activities, and severity. The term “Domestic Violence” can include

physical assault, property damage, arson, home invasion, weapons charges, telephone misuse, interfering with electronic communication (interrupting a phone call for help), stalking, emotional abuse, unlawful imprisonment, sexual abuse, and homicide.

Domestic Violence can take place within a variety of intimate relationships, including married couples, individuals who are cohabitating, individuals considered to be intimately involved or child/parent relationship. Domestic Violence is not specific to any age, sexual orientation or economic group. When children are subjected to Domestic Violence it can often result in the perpetuation of violence within the home, at school or in their own dating relationships.

Despite the existence of institutions providing resources, shelter, and assistance through the legal system, it is estimated that only about 50% of Domestic Violence incidents are reported.

The graph on the right outlines the number of requests we received each year since 2015 for charges relating to Domestic Violence.

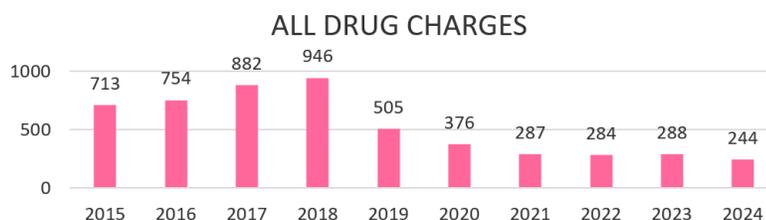

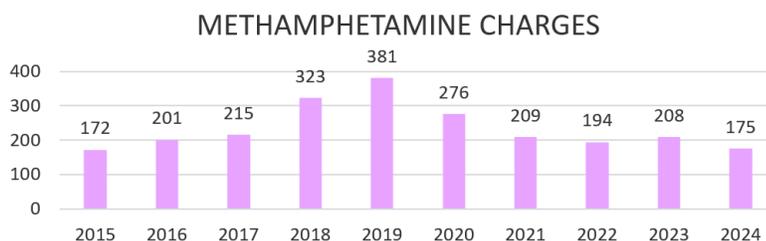

In 1998, the 57th District Court, at the request of this office and the Allegan County Domestic Violence Task Force, implemented a Domestic Violence Diversion Program where first time offenders are given the opportunity to receive counseling and avoid criminal convictions. The pre-requisites for acceptance into the program are specific, and one cannot qualify if there is aggravated physical injury or a history of Domestic Violence. The goal of the program is to stop the cycle of violence.

Controlled Substances

A large portion of our felony case load consists of controlled substance violations. Out of the 244 Drug charges during 2024, 175 were methamphetamine related.

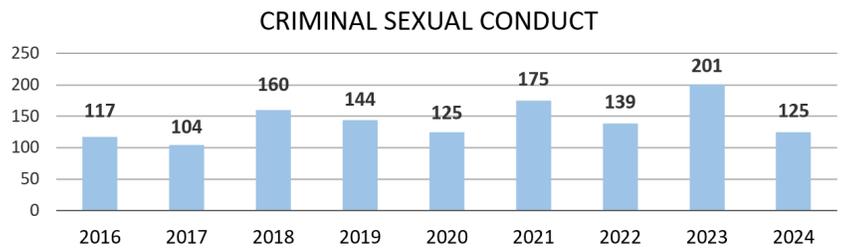

The use of Marijuana was legalized in December 2018. In the years prior to that more than 50% of all drug cases were

marijuana related (2017 was 61.9% and 2018 was 53.49%). In 2019 it dropped to 3.76% (19), 2020 had only 9 cases, 2021 there were 13 cases, in 2022 there were 17, and 2023 there were 8 cases related to marijuana. In 2024 only 4 were related to marijuana.

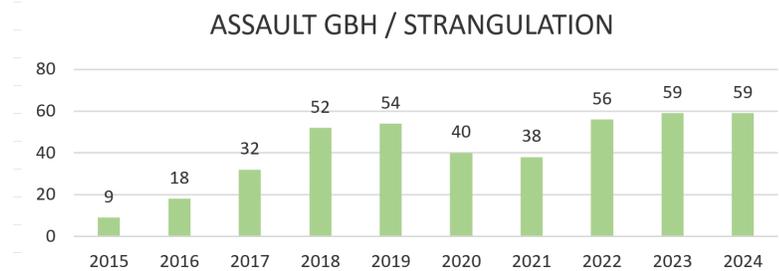

Criminal Sexual Conduct

Criminal Sexual Conduct (CSC) charges, Child Sexually Abusive Materials and/or Activity (CSAM), and Sexual Assaults are included in the graph below. These cases often require a significant amount of investigation before authorization. There was also a large increase in these cases in 2023, and a significant decrease in 2024.

Assault-Great Bodily Harm (GBH)/Strangulation

In 2015, a change in the law made Strangulation a 10 year felony, instead of a 93 day misdemeanor. The graph on the right shows the number of cases filed each year since 2015.

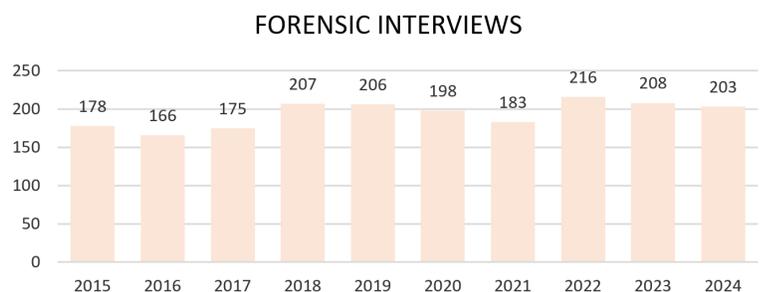

Homicides

During 2024, there were no charges authorized for murder. Many hours, weeks and months are spent preparing and organizing these cases, reviewing evidence, filing and answering motions, and meeting with witnesses. We currently have 4 open murder cases in 2025.

FORENSIC INTERVIEWS

An interview of a child typically takes one hour to complete. Interviews are conducted by a trained forensic interviewer, while the remainder of the multi-disciplinary team views the interview over closed circuit video at the Safe Harbor Children’s Advocacy Center.

ON CALL DUTIES

One Prosecuting Attorney is on call twenty-four hours a day. The Prosecutor is required to consult with police agencies, issue arrest warrants even during evenings, weekends and holidays and be available to prepare search warrants, and answer questions for law enforcement.

MISDEMEANOR CASES - DISTRICT COURT

Misdemeanor cases are crimes handled in District Court where punishment may result in incarceration in the county jail for up to one year. Allegan County has two District Court Judges and a Hearing Magistrate. All felony cases begin in and have several hearings with the District Court before they are Bound Over to Circuit Court. This office lost 16 of the 20 misdemeanor trials in District Court in 2024.

Specialty Courts

It is an important part of our duties to respond to concerns of the community. One example is the participation of this office in the use of the Allegan County Mental Health Court, West Michigan Regional Veterans' Treatment Court and Sobriety Treatment Courts. These programs require assigning an Assistant Prosecuting Attorney to attend program meetings and hearings in court.

MENTAL HEALTH TREATMENT COURT

On September 14, 2009, Judge Skocelas together with representatives from the Allegan County Sheriff's Department, Allegan City Police, Allegan County Prosecutor's Office, Allegan County Community Mental Health, Michigan State Police, local defense attorneys and local substance abuse provider Allegan Ottawa Recovery (OAR) to create a Mental Health Treatment Court.

During the year 2024, approximately 25 people applied to the program, 13 people were admitted into the program, and 12 people were rejected. 5 people graduated successfully from the program. The number of graduates included participants that were admitted in 2023 as well as 2024.

VETERAN'S COURT

The West Michigan Regional Veterans' Treatment Court began operation on February 7, 2014 and Magistrate Daniel Norbeck was the Administrator/Case Manager. Mr. Norbeck has now rejoined the Allegan Prosecutor's Office as an Assistant Prosecuting Attorney. The jurisdiction of the Veteran's Treatment Court is that of both the district and circuit courts of Allegan, Van Buren and Ottawa counties, but also accepts veterans from surrounding counties. It was developed and organized by Judge Baillargeon and the treatment court team to help veteran participants address underlying service related issues.

Partnering with the court from all three counties are county commissioners, judges, prosecutors, probation, law enforcement, mentors, community supervision providers, treatment providers, the Veterans Health Administration, Veterans Benefit Administration, veteran employment representatives and veterans service organization service officers.

During the year 2024, approximately 8 people applied for the program, 5 people were admitted, 3 were rejected. Seven individuals graduated successfully. The number of graduates included participants that were admitted in 2023 as well as 2024.

SOBRIETY TREATMENT COURT

The Sobriety Court was established in April of 2018 and was presided over by Judge Baillargeon. This was specifically designed to address Operating While Intoxicated (OWI) 2nd Offense. This program has three goals: divert from jail, eliminate substance use among substance abusers and to reduce OWI recidivism.

During the year 2024, approximately 23 people applied to the program, 18 were admitted, 5 were rejected, 19 graduated successfully. The number of graduates included participants that were admitted in 2023 as well as 2024. Sobriety Court currently has 2 therapy groups.

DRUG TREATMENT COURT

The first participant was admitted into the Adult Drug Treatment Court on June 30, 2011 and was presided over by District Court Judge Baillargeon. The Allegan County Drug Treatment Court addressed the revolving-door cycle in which drug and alcohol offenders moved in and out of the justice system. Drug Treatment Court provided a comprehensive, sustained continuum of therapeutic interventions, treatment and other services to increase a participant's periods of abstinence and reduce relapse, re-arrest and subsequently incarceration. During 2021, the program was discontinued. The program is currently being revived and the Prosecuting Attorney has received the proper certification for the drug treatment court.

FELONY CASES - CIRCUIT COURT

The Circuit Court docket includes felony cases which are crimes where punishment is incarceration in excess of one year. Allegan County has two Circuit Court Judges.

The chart on the following page shows the number of felony cases authorized each year and how many felonies were bound over to Circuit Court. Felony cases require significant staff time and multiple court appearances such as Probable Cause Conferences and Preliminary Examinations in District Court. If the case is bound over to Circuit Court, the Prosecuting Attorney is responsible for all proceedings at that level including pre-trials, motion hearings, pleas, bench or jury trials, and sentencing. All felony cases have strict

time limits both for preliminary examinations (within 14 days) and trials (within 180 days). There are two Circuit Court Judges that are primarily responsible for handling the adult felony cases.

Habitual Offenders

Under Michigan’s current habitual offender law, once an individual has previously been convicted of one or more felonies (or attempts to commit felonies), that person can be sentenced for subsequent felony charges as a “habitual offender.” A habitual offender faces increased sentencing depending on the number of previous felony convictions he or she has.

FELONY CASES AUTHORIZED AND BOUND OVER TO CIRCUIT COURT

HABITUAL OFFENDER

CIRCUIT COURT – FAMILY DIVISION

The Circuit Court – Family Division has one Family Court/Probate Judge, and two Hearing Attorney/Referees. In the Family Court, the Prosecuting Attorney has the responsibility of bringing cases of child neglect or abuse to the court, cases of juvenile delinquency, as well as involuntary Mentally Ill commitments pursuant to the Mental Health Code in Probate Court.

Abuse/Neglect

The chart on the right shows how many new Abuse and Neglect Petitions were authorized since 2015. In 2024 this office authorized 50 new Abuse and Neglect Petitions. This represents 117 children. Also, during 2024 our office filed 15 petitions to Terminate the Parental Rights of one or both parents in Abuse and Neglect cases.

ABUSE AND NEGLECT PETITIONS

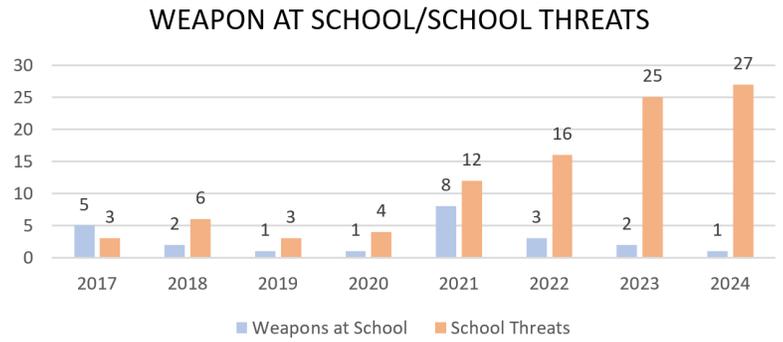

DELINQUENCY CASES AUTHORIZED

Delinquency

In 2024, this office authorized 327 juvenile delinquency petitions. (This number includes some requests for charges received in 2023.)

The chart on the right illustrates charges regarding school threats and possession of weapons at school over the last 8 years. The increase in school threats and weapons in school are related to school shootings nation-wide and in the state of Michigan, coupled with the increase in media and social media coverage surrounding them.

Mentally Ill

It is necessary to regularly appear for involuntary commitment hearings of the mentally ill. These hearings are held every month at the Kalamazoo Psychiatric Hospital (KPH). Our county is on a rotation schedule with 14 other counties, and in 2024 this office attended 3 times. These Hearings typically required an APA from our office travel to the KPH on the days our Probate Judge and his recorder are scheduled to conduct these hearings. These were changed to Zoom hearings when court resumed during the Covid Restrictions. During 2024, all of these hearings continue to be conducted via Zoom. Occasionally, our Probate Court will conduct hearings on Mentally Ill Petitions for Treatment with the Allegan County Probate Judge. During 2024 there were 40 hearings set in the Allegan County Probate Court that our office attended (in 2023 there were 25). These cases include many people that are a serious threat to the public or themselves.

OFFICE UPDATES

On June 10, 2024, our office converted our case tracking system (Adult Case Tracking/Juvenile Case Tracking (ACT/JCT)) to Prosecutor by Karpel (PbK). Our office was given an initial grant of \$184,000 from the Prosecuting Attorney's Association of Michigan (PAAM) with an additional 3 years of service agreement payments to upgrade our office data retention system from Adult Case Tracking and Juvenile Case Tracking. The new system integrates both adult and juvenile cases. The system will be used statewide and is updated as needed by Karpel and PAAM.

This system supports electronic evidence submission, creation of legal documents and subpoenas, among a great many other advances. The extent of this system greatly reduces, and eliminates the need for paper files.

This change has improved long-term efficiency and data management. However, the initial implementation presented significant challenges to the previous prosecutor. Staff required time to learn and adapt to the new system, while maintaining a full paper filing system. Some essential tracking elements were not captured, available, or in many cases not utilized by my predecessor.

It was necessary to gather data from other departments where possible, because the data from the 2024 Prosecutor’s office is unreliable.

Due to the way the new system was only partially implemented by the previous prosecutor, the data recorded during 2024 is almost certainly incomplete or inconsistent. Therefore, I cannot fully verify the accuracy of this 2024’s case-related reporting. I anticipate much improved accuracy and reporting capability next year as we have committed fully to the Karpel system. See Attachment A.

CRIME VICTIM ASSISTANCE

Most crime victims experience physical suffering, financial loss, and emotional distress. Physical injuries occur in nearly one-third of all violent crimes. Our Victim Assistance Program provides an extensive notification service to victims to advise them of each court proceeding as their case moves through the court system. In 2024, the Victim Assistance Program provided over 10,388 contacts with victims throughout the year. This is 1,945 less contacts than in 2023. The chart on the right outlines how many contacts have been made yearly since 2017. These contacts are a very important function of this office and is mandated by the Crime Victims Rights Act. During 2024, our office provided services by way of letter, text, telephone contact and email, providing support to victims in court and providing appointments with victims of various crimes.

The Victim/Witness Coordinator serves as the primary contact for victims of Domestic Violence, Criminal Sexual Conduct, Homicide/Open Murder, Drunk Driving or Driving Under the Influence of Controlled Substance Causing Death or Serious Injury, as well as other victim related crimes. This contact includes explaining of rights, court procedures, services, shelter alternative and assistance. On every death related case, the Prosecuting Attorney, Assistant Prosecuting Attorney, Detectives and Victim/Witness Coordinator personally meet with the families of the victims multiple times.

Our Victim Assistance Program is funded by a grant of \$170,126. This is \$1,421 less than the previous

year. This Grant is used to employ both a full time Victim's Rights Coordinator, full time Victim's Rights Administrative Assistant, and a part time Victim Advocate Specialist, who assists the Victim/Witness Coordinator.

The Allegan County Victim/Witness Coordinator has a Bachelors Degree in Psychology with over thirty-four years of experience working with child and adult victims.

Canine Advocate - Joey

On July 11, 2019, our office received our Canine Advocate, Joey. Joey is a yellow lab and was 18 months old when he came to work in our office. His handler is Emelda Calanchi-Pope, our Victim/Witness Coordinator.

During 2024, Joey assisted 144 children, teens and adult victims prior to prelims and for trial prep and during appointments. This In 2023, Joey assisted 147 children, teens and adult victims.

In January 2024, Joey celebrated his 6th Birthday. Among many other things, he participated in the Safe Harbor's Pinwheel Garden Open House in April. Joey also participated in Wear Purple Day in October, which is in observance of DV awareness month. He also participated in the Trunk or Treat that was hosted by the Allegan DHHS.

Joey was sworn in by the Prosecutor on January 2, 2025. See attachment B. Joey has his own Facebook page with occasional uplifting posts and Holiday messages.

APPEALS

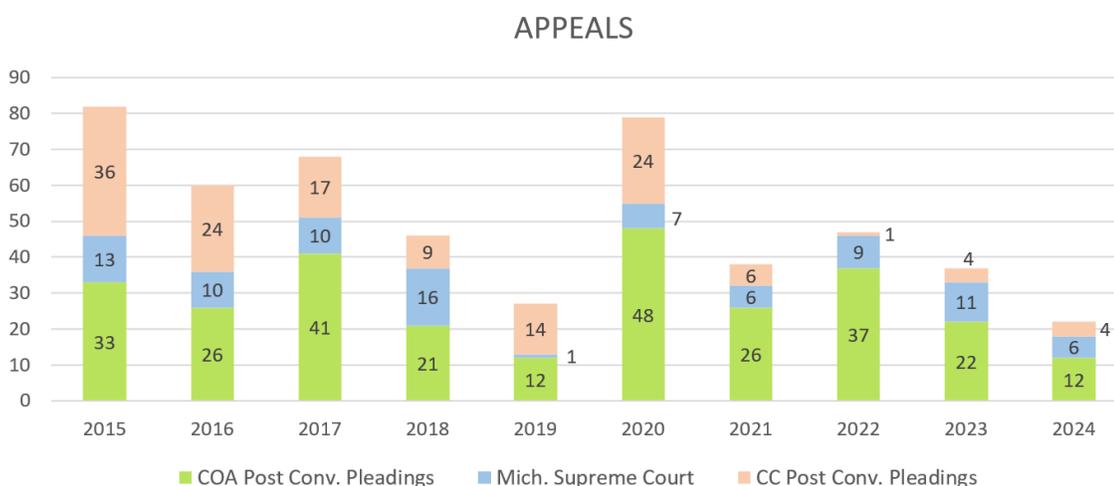

Persons convicted of crimes are entitled to seek appellate review of their conviction, as are parents involved in civil child protection cases, juvenile delinquents, and those subjected to involuntary mental health

proceedings. The Prosecuting Attorney litigates these appeals. In addition, the Prosecuting Attorney periodically seeks redress in appeals courts. A lack of diligence in defending appeals can result in convictions being overturned and dangerous people being prematurely released from incarceration. In addition, as they say, “Justice delayed is justice denied.” Re-litigating cases that are reversed on appeal causes additional trauma to victims and witnesses and substantial costs. Occasionally, appeals are pursued prior to trial. These also require action by the Office.

As reflected in the graph below, The Prosecuting Attorney received and reviewed 28 pleadings and filed 12 pleadings with the Court of Appeals. Our office participated in 7 oral arguments in the Court of Appeals. We received and considered 76 instances of correspondence from the Court of Appeals.

The Office received and reviewed 7 pleadings filed in the Michigan Supreme Court and filed 6 pleadings. We received correspondence requiring consideration 8 times from the Supreme Court.

We reviewed 7 post-conviction pleadings in the Circuit Court and filed 4 post-conviction pleadings.

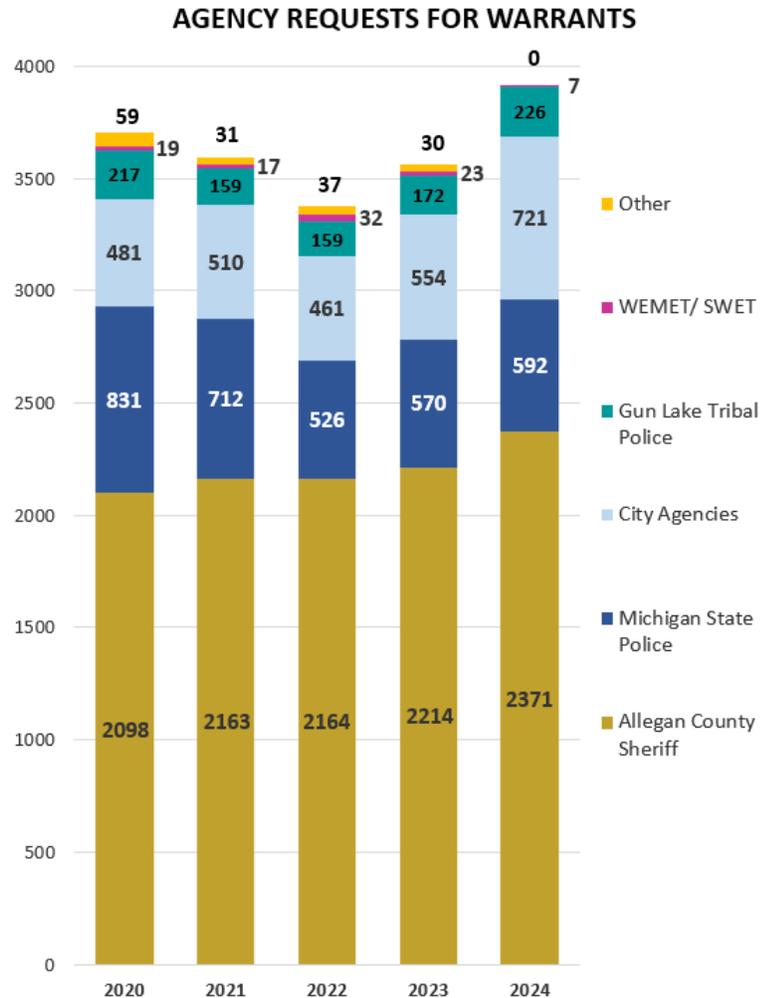

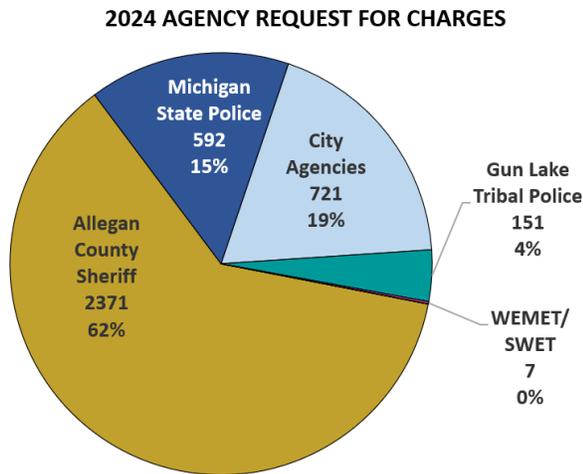

LAW ENFORCEMENT AGENCIES

This office serves all the law enforcement agencies in Allegan County which includes the Allegan County Sheriff’s Office (ACSO), the Michigan State Police (MSP), Department of Natural Resources (DNR), Gun Lake Tribal Police (GLTP), West Michigan Enforcement Team (WEMET), Southwest Michigan Enforcement Team (SWET) and the Cities of Plainwell, Otsego, Wayland, Holland, Allegan and Douglas.

As the gatekeeper of all criminal activity from the policing agencies to the court system it is critical to our criminal justice system to adequately staff the Office of the Prosecuting Attorney and not compromise the public safety of the citizens of Allegan County.

The pie chart below shows all of the charging requests we received in 2024, and what the percentage was from each police agency. Also, below is a graph showing what the different agencies have submitted over the last 5 years.

CONCLUSION

I look forward to working with all the members of the law enforcement community, the Board of Commissioners and all other County Departments to help make Allegan County a safe place in which to work, live, and raise a family.

Respectfully submitted,

Michael Villar
Prosecuting Attorney

Allegan Prosecutor's Office goes fully digital, saves resources

The new system streamlines justice processes by managing digital case files, coordinating with law enforcement, and ensuring secure, efficient prosecutorial operations.

BY SHANDRA MARTINEZ • **GENERAL** • APRIL 28, 2025

Courtesy of Allegan County – Allegan County Prosecutor Mike Villar.

When Mike Villar took office as Allegan County's prosecutor in January, he inherited an office running on two parallel systems: stacks of paper files and a partially used digital case management tool called Karpel.

Within weeks, Villar jumped all-in on digital. On Feb. 14, his office ditched paper files and went fully paperless, a transition Villar calls "transformational" for efficiency and employee morale.

"I knew going in that we had to make a change," Villar says. "We had laptops, we had access to Karpel, but we were still trying to do everything the old way. It was doubling the workload and wasting time. So we ripped the Band-Aid off."

ADVERTISEMENT

Karpel, officially known as PROSECUTORbyKarpel, is an electronic case management system designed for prosecuting attorneys' offices.

The software allows seamless communication with local and state law enforcement agencies. It automates document handling and allows secure access to case files from anywhere, critical when real-time decision-making can mean the difference in a case.

Pioneering the upgraded system

The state of Michigan, in collaboration with the Prosecuting Attorneys Association of Michigan, began rolling out the Karpel system to counties as part of an effort to modernize the justice system. Allegan County was among the first in the state to receive the upgrade, according to Steve Sedore, the County's Deputy County Administrator of Operations.

"This system bridges the gap between paper and digital," Sedore says. "The prosecuting attorney's office had a records management system before, but it didn't offer document imaging. Karpel gives us a fully integrated platform. Everything related to a case can be accessible instantly, from anywhere."

Sedore oversees the county's information technology and project management offices and was instrumental in coordinating the implementation of Karpel. He notes that the transition was funded by the state, making it not just efficient but cost-effective.

Before the transition, prosecutors had to physically retrieve and transport thick paper files, often filled with thousands of pages of police reports, affidavits, and court documents, to courtrooms or offices. That process is now obsolete.

“Now when I need a file, I just get on my laptop,” Villar says. “Everything is dual-encrypted and accessible within seconds. No more waiting for a secretary to bring a file. No more losing time, or the file.”

Chief Assistant Prosecutor Jessica Winsemius agrees.

ADVERTISEMENT

“If you’re down in court and the judge asks about a case not on the docket, you don’t have to take a recess to go find it,” Winsemius says. “You pull it up on your laptop and you’re ready to go. That’s huge.”

Courtesy of Allegan County
Chief Assistant Prosecutor Jessica Winsemius.

Winsemius, who previously served as a district court administrator, had experience implementing paperless systems. She notes that the Karpel transition not only improved access but also made the office more secure.

“Our files are now stored with several layers of encryption,” she says. “It’s in line with LEIN (Law Enforcement Information Network) and FBI security protocols. This protects sensitive information better than any locked file cabinet ever could.”

The benefits go beyond speed and security. The shift to digital is projected to yield significant cost savings in staffing and materials.

“Maintaining paper files is expensive,” says Winsemius. “We were spending thousands of dollars a year just buying file folders and paper. And that’s not counting the time staff spent printing, filing, and retrieving them.”

Saving time, money, and space

With Karpel, case files are digital from start to finish. After the statutory retention period, digital files can be securely destroyed with a few clicks, no shredders required.

Perhaps the most tangible benefit is space. A large file room on the second floor of the courthouse stores paper records dating back to 2018. Once the records are scanned and uploaded, that space can be repurposed.

“We’re reclaiming rooms that were basically just paper graveyards,” Villar says. Sedore adds that scanning and digitizing six years of records will be a one-time effort with long-term payoff.

“That frees up valuable real estate in our courthouse,” he says. “And it ensures continuity of operations. If there’s a fire, flood, or pandemic, we’re not scrambling for paper. Our files are safe and accessible.”

The hybrid model Villar inherited was taking a toll on employees, who were working overtime to manage both paper and digital workflows.

“It was inefficient and demoralizing,” Villar says. “Secretaries had to enter the same data twice, once in Karpel, once on paper. No one had a clear picture of the caseload.”

That’s changed. With Karpel fully deployed, management can view real-time workloads and case progress across the entire team.

“We can see who’s working on what, where the bottlenecks are, and reallocate resources,” Villar says. “That wasn’t possible before.”

Focus on other work

While the change was met with initial anxiety, especially among staff accustomed to paper, Winsemius says the office adapted quickly.

“After a few weeks, everyone saw how much easier it made their jobs,” she says. “Even staff who were hesitant at first are now champions of the system.”

The transition has also allowed staff to refocus on the core mission of the prosecutor’s office: justice.

The office includes 11 attorneys, nine support staff, three victim-witness coordinators, and an in-house investigator. With less paperwork, employees now spend more time on tasks like supporting crime victims, preparing for trial, and reviewing evidence.

“We’re not using automation to cut staff,” Winsemius says. “We’re using it to better serve the public.”

The improved system has been critical for handling juvenile cases, which are subject to strict privacy laws. Previously, juvenile data was being entered in the adult system, a mistake that risked public exposure and compromised funding reports.

“When we pulled our annual data, it looked like we had zero juvenile cases,” says Villar. “We got the juvenile module of Karpel turned on and started migrating cases correctly. Now, we’re in compliance and eligible for state grants.”

Allegan County's experience is being watched across Michigan as more counties prepare to implement the Karpel system.

"This is going to become the standard," Winsemius says. "Better for law enforcement, more efficient for our office, and more secure for everyone involved."

BOARD OF COMMISSIONERS OF THE COUNTY OF ALLEGAN

2026 FINAL BUDGET - SET PUBLIC HEARING

WHEREAS, consistent with the Uniform Budgeting Act, the County Administrator has submitted a recommended balanced budget to the Board of Commissioners; and

WHEREAS, the Board of Commissioners has accepted the recommended budget for final consideration.

THEREFORE BE IT RESOLVED that, along with consideration of the final proposed budget, the Board of Commissioners set a public hearing at 7:00 P.M. at the Annual Board Meeting on October 9, 2025, for review of the 2026 budget.

M E M O

TO: Board of Commissioners

DATE: September 25, 2025

RE: **FY 2026-2030 Draft Proposed Budget**

I am pleased to present the FY 2026-2030 proposed budgets for your consideration. Financially, the upcoming year is planned to maintain a stable level of service and operations, *and* continue the implementation of several Board priorities. Funds are also directed to the maintenance of the County's portfolio of facilities, vehicles, and parks.

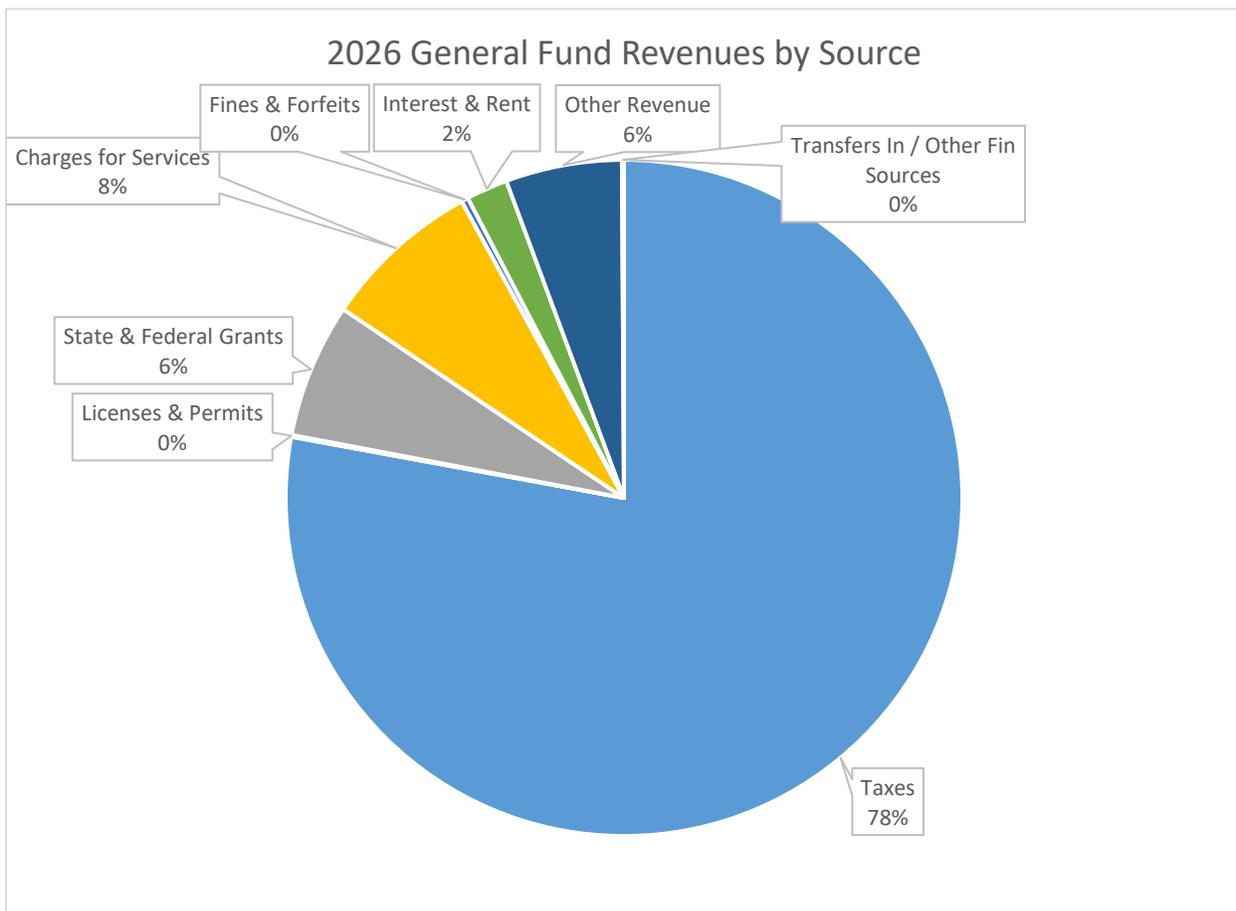

On an ongoing basis, the Board is engaged in the budget process particularly at the governance and policy level. The Board provides budgetary direction in ways including:

- Adopting a Strategic Plan
- Seeking and considering input from the 2025 Citizens' Survey
- Reviewing and adopting the Budget Policy which provides general direction and specific parameters for the development of a recommended budget
- Providing input annually regarding the budget process, including the opportunity to request specific information while the draft budget documents are being created
- Establishing personnel compensation parameters which impacts the majority of the budget
- Establishing capital parameters and priorities which provide direction for the development of the capital plan
- Reviewing revenue and expenditure status reports, capital reports, departmental performance reports and annual presentations, all aimed at keeping the Board engaged with the budget and related activities as well as departmental needs throughout the fiscal year
- Reviewing the annual audit and ensuring overall financial accountability meets compliance and expectations

As a result of process improvement, budget planning is a more consistent process and information is provided to the Board allowing diligent consideration and the ability to adopt the budget within the statutory timeframe in an intentional and informed manner. To stay on track with the timeline adopted in the Budget Policy, the Board will be asked to schedule an October 9 Public Hearing on the budget, which is also the target date for adoption of the FY 2026 budget. Note that State law only allows for the official adoption of a budget for FY 2026; years 2027-2030 are for longer-term internal planning.

Revenues

- *Property Tax:* The 2026-2030 budgets were built using the millage rates that the Board adopted in its April 2021 strategy document. The Property Tax category as a whole, which includes Trailer Tax and Industrial Facilities Tax, Marijuana Excise Tax, as well as Real and Personal Property Tax, is anticipated to increase by 6.37% but without an increase in the millage rate. The taxable value is projected to increase by 6.0% per year, which is a combination of true growth plus Proposal A (allowed inflation) increases. The conservative approach is to continue the strategy that levies less than the maximum allowed so that a buffer may be maintained.
- *Interest/Rents:* In the past three years, the amount of interest earned has grown nearly tenfold due to economic and market changes as well as the County’s invested funds. This has necessitated a need to increase the budgeted revenue.
- *Budget Stabilization Fund:* Generally, expenditures should be balanced to revenue without the use of Budget Stabilization. In years where services would otherwise be significantly reduced, it is appropriate to use Budget Stabilization as a tool in a reasonably sustainable manner. The following table shows the history of the use (as a Transfer Out) of this Fund.

The 2026 budget does not include the use of Budget Stabilization Fund dollars.

Expenditures

Personnel: The overall General Fund personnel costs increase is **9.5%**. This includes the Board-approved double-step increases in the wage table approved as part of the multi-year plan to reduce table from 17 steps to a maximum of 9 steps and the wage adjustment that was approved during the FY2025 budget period. **New positions that were requested as part of the 2026 departmental budget process are included in this draft budget and represent 1.6% of the overall increase in personnel costs.** The following position changes approved either by the Board or the County Administrator (if budget neutral or operationally necessary) during FY2025 are included in the draft budget:

- Financial Specialist (reinstatement of full-time upon vacancy, loss of FTE to return a position to the Health Department,
- Project Management Specialist (reinstatement of full-time upon change in circumstances of employee to be able to increase hours and the well documented demand by departments for additional project management assistance),
- Victim Advocate Specialist (moved from irregular part-time to regular part-time after change in APA position)
- District Court Probation Officer (created after resignation of District Court Clerk position to fill a State initiative, Safer by 2030, to reduce OWI incidences)
- Deputy District Court Clerk (moved Probation Secretary position to new role)

- *Preliminary Positions for 2026:* The following positions are being analyzed for recommendation:

<u>Dept</u>		<u>2026</u>	
Drain	Temporary Part-Time Deputy Drain Commissioner	33,989	
Information Services	Reclass Records Management Assistant (from PT 24 to FT 36)	38,897	
Pros. Attny	New Part-Time Media/Karpel Specialist	49,365	
Seniors & Veterans	New Outreach Coordinator	43,031	Shared with Senior Services & Transportation Fund (listed in Non General Fund section)
Sheriff	New Full-Time General Detective	133,877	
Sheriff	New Full-Time Control Center Specialist (Civilian)	80,905	
		380,063	

- *IT Specialist Position:* A few years ago, the Board approved this position to be funded largely through revenue the County received from outside agencies for Information Technology services. The remaining portion has been covered by the General Fund. A special revenue fund, Technology Contracts Fund (273) was established to house the position. After several years, this one position is the only expense that remains in the fund. With or without the demand of service from other agencies, the position is still necessary. As such, the budget incorporates moving the expenditure of this position as well as the aforementioned revenue to the General Fund. Fund 273 will then be eliminated. There is no additional allocation needed from these changes other than the continuance of the position and increased General Fund allocation in the event revenue is reduced.
- *Health Care Costs:* In accordance with P.A. 152 (“Hard Cap”) directives, a 2% increase has been budgeted for health care (medical, dental and vision) costs. Because the County’s costs were less than the Hard Cap for 2025, this increase will be enough to cover the expected 2.35% increase to the County’s actual costs through the West Michigan Health Insurance Pool.
- *Contingencies:* The amount earmarked for contingencies is \$570,639.
- *Operating Costs:* The gross operating costs change from FY25 to FY26 for all General Fund Departments is up 4.0% or approximately \$400,739. The primary drivers of this increase are Election Costs for 2026 (up 218.2% but will be adjusted down for 2027) and Jail Healthcare Costs (up 8.1%)
- *Transfers Out:* As part of the April 2021 Strategy document regarding the early payment of debt, a \$2.4 million Transfer Out to the Liability Sinking Fund is included in this budget.

Special Revenue Funds:

Non-General Fund	2025 Budget	2026 Proposed	Percent Change
Revenue	80,394,988	78,933,809	-1.8%
Expense	76,993,154	76,835,920	-0.2%

Personnel	18,484,933	21,300,667	15.2%
Operational	52,853,632	50,889,529	-3.7%
Capital	4,294,429	4,305,559	0.3%
Transfer Out	1,360,160	340,165	-75.0%
Total Expense	76,993,154	76,835,920	-0.2%

Items of note – Special Revenue Funds

- *Personnel:* The comments regarding General Fund personnel cost drivers hold true for non-General Funds. The following positions are being analyzed for recommendation:

<u>Dept</u>		<u>2026</u>	
Animal Shelter	<i>New FT Animal Caretaker</i>	81,152	
Health	<i>Reclass Registered Sanitarian to Non-community Water Supply Coordinator</i>	3,551	
Human Resources	<i>Increase HR Coordinator hours from 35 to 40 hours/week (RPT to RFT)</i>	32,051	
Parks	<i>Increase Park Ranger Hours</i>	20,420	*** Pending further discussion of the Park budget with the Board
Public Defender	<i>New Office Coordinator</i>	96,303	
Public Defender	<i>New Holistic Defense Technical Assistance Coordinator</i>	101,346	
Public Defender	<i>Remove Investigator Intern</i>	(16,497)	
Public Defender	<i>Reduce Social Work Intern & Legal Intern Hours</i>	(102,193)	
Seniors & Veterans	<i>New Outreach Coordinator</i>	43,031	Shared with Veteran Services Fund (listed in General Fund section)
		259,163	

- *Liability Sinking Fund:* This Fund accumulates dollars to pay down debt on an accelerated schedule. In 2022, \$7.04 million was distributed to MERS to restore the Defined Benefit pension funding level to 100%. A \$2.4 million General Fund transfer to this Fund is in place for 2026. In addition to these budgeted transfers, the Budget Policy directs that the Fund receives a portion of the General Fund surplus balance, measured at the end of each audit. The 2024 audit has been completed and this Fund has received a \$4,269,691.33 contribution, bringing the Fund balance to \$17,157,106.
- *Parks & Recreation Fund:* The expenditures for the Parks Fund have now exceeded the revenue received from the Local Revenue Sharing Fund, primarily due to Personnel costs. Some potential options to balance the fund are to increase park fees, stop charging Indirect Costs to the Park Fund, reduce tourism activities and close one or more parks, additional General Fund money or a Park Millage. The Board of Commissioners is in consideration of all known options for Parks and the budget will be adjusted based on final direction.
- *PTO Liability Fund:* The PTO (Paid Time Off) Liability Fund is the mechanism that is used to capture and fund the County's total liability for accrued time off. The Budget Policy directs that this Fund be used to cover PTO payout amounts, such as at the time of an employee's retirement. Because Compensatory (Comp) Time payouts have the same liability profile as PTO, a budget has been created in the Fund to cover expected retirements. Creating a budget in this Fund, rather than budgeting for payouts in each department, avoids fluctuations in departments' personnel budgets.
- *Transportation Fund:* In accordance with the April 2021 Strategy, the Transportation Fund has an \$964,952 transfer in from the General Fund. This revenue will leverage State and Federal dollars, to provide expanded services to the County's residents.
- *Public Improvement (Capital Projects) Fund:* Per the Budget Policy, this Fund receives the first \$1.3 million of State Revenue Sharing (SRS) dollars, and 60% of the amount that exceeds \$2.2 million. The list of capital needs exceed the SRS revenue directed to it. We are recommending a full allocation of the SRS dollars towards to Capital Projects fund.
- *Public Safety & Violence Act Fund:* As part of the 2026 state budget, the House has proposed reducing state revenue sharing for counties which for Allegan result in a reduction of \$326,661. A house bill proposal also is aimed at increased funding to counties from the Public Safety & Violence Prevention Fund (PSVP) amounting to approximately \$723,293. It is unclear to what the funds may be used for if the bill passes other than measures aimed at reducing violent crimes. The Capital Improvement Plan portion of the budget includes several capital items to be purchased with these funds. In the event the PSVP funds are not allocated by the state or the items are not eligible for use of the funds, through the adoption of the budget, which includes this memorandum, the County Administrator is authorized to make any necessary budget adjustments to complete those projects.
- *Senior Services Millage Fund:* Expenditures in the five service areas (Adult Day Care, Home Delivered Meals, In Home Support, PERS, Transportation) are projected to increase due to contract (unit price) increases, as well as volume (quantity) increases.

Capital Projects:

It is expected that the County's needs will exceed the funding level directed through its Budget Policy. We are recommending allocating the full amount of SRS revenue to Capital Projects to cover the shortfall.

Grants:

A comprehensive list of anticipated grants is included in this packet.

Fleet List:

A complete list of vehicles, boats, and trailers is included in the budget packet.

Fee Schedule:

The Budget Policy requires that the County-wide fee schedule be included with the budget submission to the Board of Commissioners. This list is included in the budget packet.

Key Considerations for the Board of Commissioners

- **Parks:** On August 14th, a presentation was made to the Board of Commissioners on the current state of the County parks system. Currently, there is not enough funding to operate all parks under a status quo model. Additionally, there are several priorities such as updating or upgrading property features to increasing program offerings competing for non-existing funding. A facilities tour was given to Commissioners on August 26th to see each park's strengths and opportunities. Administration is recommending for the 2026 budget up to an additional \$150K for Operating expenditures to cover the existing shortfall, increased recreational programming and additional park maintenance hours. Regarding Capital improvements, up to \$250K is recommended for 2026 to complete as many safety, security and maintenance of existing assets as the funds may provide for. Looking forward, it is recommended the County Board continue to evaluate the long-range plans for Parks and consider what projects are deemed essential. Based on the outcome of those discussions, a Donation Plan or other funding mechanisms can be considered by the Board to complete those initiatives.
- **Capital Projects:** The current funding model for Capital was set more than ten years ago and needs to be updated to align with current strategic priorities. The original goal was to remove revenue sharing revenue from general operations and utilize that funding as a capital and debt tool. At that time, it was determined the first \$1.3M of County Revenue Share would be allocated to Capital. However, since that time, capital purchase costs have increased significantly, departmental requests have increased, the proactive replacement plan has grown in depth and the funding is unable to keep up with the increases. General operating capital requests for 2026 total \$2,728,000 while the amount under the current funding model allocated for capital is \$1,827,500. Next step would be to modify the Budget Policy to realign the revenue share split between Capital and Liability Sinking Fund. Administration recommends increasing the first \$1.8M in County Revenue Share be given to Capital Projects.
- **Debt Plan:** One of the strategic initiatives for long-term financial planning is to eliminate the debt. In 2026, the current debt balance will be \$13,460,000 for both Jail and Pension Bonds, plus incurred interest. Administration's recommendation is to use the Fund Balance in the Liability Sinking Fund of \$17,157,106 to pay off the bonds in their entirety. Paying off these bonds early will save approximately \$1.298M in interest as opposed to continuing to make annual debt service payments.
- **Personnel:** Another strategic initiative is the recruitment and retention of high performing, quality employees. An objective within that initiative is to maintain a compensation system that represents at least the comparable market's midpoint. The current wage study conducted by Gallagher Consulting is currently still a work in progress. While there are no results to share at this time, there is anticipation of having to dedicate future funding to increasing some County wages. Alternatively, all labor contracts will be up for negotiations after 2027 and it would be prudent to also dedicate current funding towards future negotiations.

**LIST OF CARRY-OVER CAPITAL PROJECTS
THAT MAY NEED A RE-APPROPRIATION OF FUNDS IN 2026 TO COMPLETE**
Updated as of 09/18/25

The table below summarizes the maximum capital project funding appropriations that may need to be carried over into 2026. In approving the 2026 budget, the Allegan County Board of Commissioners authorizes the re-appropriation of funds necessary to complete any project listed in the table below that does not get completed by 12/31/2025. The actual 2026 re-appropriation amounts shall not exceed the total approved funding for each specified project less the expenditures charged to that project prior to 1/1/2026. The maximum re-appropriation costs highlighted in green indicate projects that have a reasonable expectation of being fully expensed before the end of the year and therefore, unlikely to need a carryover.

☐ The Attorney General, Department of Treasury, Department of Health and Human Services, State Public Administrator, Administrator of Veterans Affairs, and county government agencies pay no filing fees. [MCL 600.880\(4\)](#), [600.880a\(2\)](#), [600.880b\(5\)](#)

⁴ “Civil action” means an action that is not a criminal case, a civil infraction action, a proceeding commenced in the probate court under [MCL 700.3982](#) [case type PE], or a proceeding involving a juvenile under chapter XIA of the probate code of 1939, 1939 PA 288, [MCL 712A.1 to 712A.32](#). It also excludes the following case types: TR, DD, JA, MI, and all ML filings except for Advanced Directive Proceedings, Review of Drain Commission, Petition for Order to Donate Kidney by Minor, Petition to Establish Death of Victim of Accident or Disaster, and Petition under Uniform Transfers to Minors Act.

⁵ The filing fee for this petition does not include the inventory fee for the estate. Note: Beginning in 2001, the \$15,000 threshold amount will be subject to a cost-of-living adjustment factor. The current amount can be found at: http://www.michigan.gov/documents/treasury/2018_Estates_and_Protected_Individuals_Code_Cost-of_Living_Adjustments_to_Specific_Dollar_Amounts_611818_7.pdf

⁶ All inventory fees are to be rounded to the nearest whole dollar. The lien on real property is deducted from the value of that real property (but not below zero) when calculating the inventory filing fee.

⁷ Inventory fees cannot be waived. Under MCR 2.002(A)(2), fees that may be waived do not include inventory fees under MCL 600.871. In addition, in *In re DeCoste*, 317 Mich

App 339 (2016), the Court of Appeals held that inventory fees are assets of the estate, imposed based on the value of the estate, and paid from the assets of the estate, whether liquidation is required or not. The indigency of the personal representative is irrelevant, regardless of MCL 600.880d (any fee required in probate court may be “waived or suspended, in whole or in part, upon a showing by affidavit of indigency or inability to pay.”).

⁹ The account is not subject to MCR 2.119(G)(2) as it is not a motion.

Quarter 3 Board of Commissioners' Update

Allegan County Health Department (ACHD)

ACHD Activities During the Most Recently Concluded Quarter (2025 Q3)

Emergency Operations Center (EOC) Drills for Palisades Restart: ACHD staff participated in three EOC drills July 2025 as part of the requirements for the Palisades Nuclear Power Plant restart. ACHD staff drilled on measures to protect vulnerable populations, setting up and staffing decontamination centers, and supporting emergency workers. The drills were overall successful and no major concerns were reported from the Federal Emergency Management Agency.

Tire Collection Events: ACHD hosted three tire collection events, all taking place in August at different locations across the county to maximize accessibility for residents from all areas. These events were open to all county residents and accepted passenger, semi, and agricultural tires, either on or off the rim.

Event Locations and Outcomes:

- **Salem Township Transfer Station**
 - *Trailers Filled:* 3 (53' semi-trailers)
- **Casco Township Transfer Station**
 - *Trailers Filled:* 2 (53' semi-trailers)
- **Otsego Department of Public Works (DPW)**
 - *Trailers Filled:* 2 (53' semi-trailers)

Each 53' semi-trailer can accommodate approximately 700 to 900 tires, depending on tire size and how they are stacked. Based on this estimate, the total number of tires collected across all three events ranges from approximately 5,000 to 6,000 tires. A final, verified count will be provided by Van Buren County at the end of the year once all invoices and tallies have been reviewed. These final figures will be included in the Resource Recovery **2025 Annual Report**. These events conclude the scheduled tire collection efforts for the year.

Environmental Health (EH) Team: EH has seen some staffing changes in the last Quarter. We have two (2) new Public Health Technicians (Melanie Renberg & Jacob Prinz), assigned to EH, that have earned their certifications as Storm Water Operators, from the Michigan Department of the Environment, Great Lakes and Energy (EGLE). They are now able to perform Soil Erosion and Sedimentation Control (SESC) inspections. They also have been trained to perform various other inspections. In addition, we have 3 new Food Team inspectors that are nearing the end of their trainings.

Beach Sampling: Beach sampling, for the 2025 season, was completed the last week of August. This summer ACHD staff took a total of 112 composite samples: 52 for Great Lakes Beaches and 60 for inland beaches. This summer there was a total of 5 advisories issued and subsequently lifted for 4 beaches. The Health Department has also teamed with Hope College to perform advanced testing on samples from Dumont Lake to aid in determining the type of *E.coli* present at the beach. We are hoping to have these results later this year.

HEALTH Department

ACHD Activities Forecast for Quarter Ahead (2025 Q4)

Household Hazardous Waste October Event: Allegan County's final Household Hazardous Waste collection event is scheduled for Saturday October 4, 2025 from 9am-12pm at the Otsego DPW located at 243 N Farmer St Otsego, MI. This event is open to ALL Allegan County residents (no businesses please) and there is no charge to utilize this service. As a reminder, if residents are unable to attend this event, we also offer household hazardous waste drop off at our health department facility by appointment.

Blood Lead Screening Expansion: The ACHD will be pleased to offer blood lead level screening for young children starting in Q4 of 2025. The State of Michigan recently implemented new laws surrounding screening children for blood lead levels, and ACHD will be collaborating with the Michigan Department of Health and Human Services (MDHHS) to provide this service for families in the community. More information will follow after ACHD receives its equipment.

Anticipated Public Health Situations in Year Ahead

Respiratory Virus Season: Respiratory virus season is starting. Cases of various illnesses are already rising. To combat the spread of disease, ACHD is continuing to educate the community about cough etiquette, hand washing, staying home while sick, testing and treating, and seasonal vaccination. All of these measures help protect the most vulnerable in the community, and shorten the duration of illness.

Revised Allegan County Water and Sewage Regulations: The process has been initiated to revise the Allegan County Water and Sewage Regulations. The ACHD anticipates having the revisions completed by the end of 2025 and submitted for Administration review. In addition, a Board of Commissioner, stake holder work group will be assembled to review and revise the Regulations.

Volunteer Management: The ACHD will be working to improve volunteer engagement and management. This includes updates to welcome messaging, onboarding materials, policies, and strategies to maintain long-term engagement from volunteers. The Michigan Volunteer Registry (MVR) database contains volunteers registered throughout the state, including Allegan County. This project will also meet a deliverable requirement for the Public Health Emergency Preparedness Cooperative Agreement. The ACHD will receive input and collaborate with Emergency Management to complete these objectives. The MVR offers two yearly drills that gauge administrator competencies and volunteer response rates. These drills will be used to measure progress made regarding volunteer engagement.
