The City of Allegan is FIT!

Like most communities participating in MSU Extension's First Impressions Tourism (FIT) assessment program, the City of Allegan acted quickly on the results and feedback from its Fall 2022 community forum. As part of the FIT process, MSU Extension educators conduct follow-up conversations with communities to evaluate impacts and actions taken. FIT program lead Andy Northrop connected with Joel Dye, City Manager of Allegan, to document key outcomes. Highlights from that discussion are below:

Immediate Actions After FIT Assessment (Fall 2022):

- Accelerated **Downtown Streetscape Project** to finish in one construction season (instead of two).
- Hired a **new Chamber of Commerce director**.
- Local public schools began **construction of a new elementary school complex** and facility upgrades.
- Completed **wayfinding signage analysis** and developed schematic plans for new signage.
- County secured a **major grant for high-speed fiber installation** through downtown.
- Started **website redesign** to include a community calendar.

Improvements Achieved or Planned:

- Increased **beautification efforts**.
- Developed plans for **better signage**.
- Created a **community calendar**.
- Expanded **downtown recycling**.
- Initiated discussions with the **Arts Council** about adding more public art.

Community Impact:

- FIT forum enabled **community engagement** on positioning Allegan as a welcoming destination.
- City Manager described the program as **"a definite plus"** for identifying opportunities.

Soybean On-Farm Research

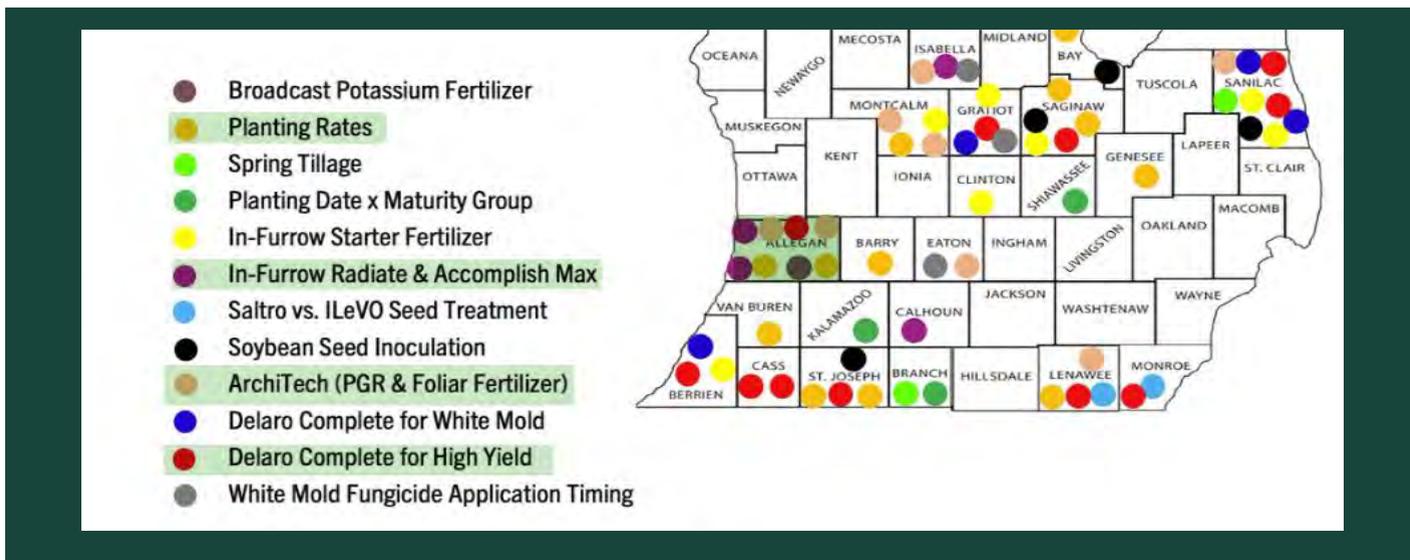

Eric Anderson has served as a field crops educator with MSU Extension in Southwest Michigan since 2015. Soybean production and management has been an important part of his on-farm research trials and educational programming throughout his career.

In 2024, Eric assumed the role of statewide soybean educator upon Mike Staton's retirement, a position that is jointly funded by MSU Extension and the Michigan Soybean Checkoff. In this position he leads a statewide on-farm soybean research program and develops soybean educational materials and research reports to support Michigan soybean producers and agribusiness agronomists.

In 2024, data was successfully collected from 61 trials in collaboration with 49 farmer cooperators. Allegan County stood out, hosting 8 trials—second only to Sanilac County. Additionally, 11 Allegan farmers attended the research update held at Trestle Stop, demonstrating strong local engagement in the program.

Since 2011, MSU Extension has collaborated with the Michigan Soybean Committee (MSC) to conduct on-farm research trials designed to address key production challenges faced by Michigan soybean growers. Over time, more than 75 trials have been launched across the state, exploring 13 different research topics.

Allegan County Tree Farm Hosts Michigan Seedling Grower Association

The Michigan Seedling Grower Association is a coalition of small farms across Michigan that produce tree seedlings for Christmas tree farms, conservation efforts, and forestry initiatives. On August 29, 2024, the association held its annual grower meeting at Badger Evergreen Nursery in Allegan County, with approximately 30 attendees.

These participants represented a total of 465 acres of seedling production, **380** of which are located within Allegan County. Growers reported increased knowledge in several key areas as a result of the meeting:

- **Irrigation management** – 80%
- **Nutrient management** – 100%
- **Soil health and properties** – 80%
- **Nursery production survey insights** – 70%

Notably, 60% of surveyed attendees reported plans to implement changes on their farms within the next year based on insights gained from the event. These moments highlight the true value of our statewide partnerships with local farmers, creating opportunities to learn, adapt, and refine practices to drive improvement and success.

Pollinator Palooza!

Pollinator Palooza was a partnership with Allegan County 4-H and Fennville School's Summer Adventure Program. With this six week 4-H Spin club, students learned about Michigan Pollinators, raised & released Painted Lady Butterflies and made a pollinator garden. The school's campus provided an ideal environment that fostered all of your favorite pollinators!

Our 4-H Program Coordinator highlighted some of her favorite quotes from students:
"I love getting to be outside in nature"
"I like making the pollinator garden, I get to feel like a farmer"
"I had no idea that all of these foods needed pollinators"

What is a 4-H SPIN club? So glad you asked!

A 4-H SPIN club is a **special interest** club where five or more young people from at least two different families get together to learn about a topic of interest. The topics covered can be anything of interest to the youth: nature, heritage arts, science, engineering, gardening, technology, and more! Through their SPIN club experience, youth learn by doing as they build, create, explore, make, discover, test, plan, cut, estimate, experiment, experience, measure, draw and so much more!

Perfect Partners: Allegan County 4-H and the Allegan Public Library

4-H engagement can happen anywhere! Our 4-H Program Coordinator maintained a calendar of events at the Allegan Public Library. This outreach is the perfect introduction to 4-H and MSU Extension. Over six-weeks of programming, young people and their families discovered and created Leave Art, Australian Dot Painting, Corn Husk Dolls, Mancala, Native Plant Seed Bombs, and Solar Wood Burning.

Public Health & Nutrition Programming

Over the past year, our team worked hard to provide programs that reflect our mission to help improve lives through education. Our Supplemental Nutrition Assistance Program-Education (SNAP-Ed) program staff, Abbey Stroop was intentional about building community partnerships throughout Allegan County.

These collaborations have been a beautiful extension of our SNAP-Ed programming, allowing us to amplify our efforts and reach more individuals and families. By combining our resources with the passion and expertise of this incredible community, we've created opportunities for optimal success and lasting impact.

Together, partners & coalitions help communities thrive—and make everyone feel better.

A slice of SNAP-Ed successes

At Renaissance Alternative High School in Plainwell, one student's curiosity and interest in MSU Extension's **Teen Cuisine** program grew into a clear career direction. After participating in the program, he shared that he'd begun working in a restaurant kitchen and confidently demonstrated new knife skills to classmates. By the final session, he was exploring culinary school options—proof that hands-on learning and supportive connections can inspire confidence, purpose, and pathways to lifelong success!

At The ARC of Allegan County, a day program for adults with intellectual and developmental disabilities (IDDs), one participant's quiet bravery stood out. Initially, she was afraid to use any kind of knife. Through our *adapted Cooking for One* sessions, she gradually learned to safely chop fruit with growing confidence. On the final day of class, the participant asked for a "safe knife" for Christmas—proof that courage and confidence can be built through education one small slice at a time!

Brownfield Tax Increment Financing (TIF):

- Michigan Public Act 381 of 1996, as amended (P.A. 381). The primary purpose of P.A. 381 is to promote the revitalization, redevelopment, and reuse of qualifying properties by providing economic incentives through tax increment financing to pay for certain approved eligible activities. The Allegan County Brownfield Redevelopment Authority (Authority) is authorized by P.A. 381 to undertake all activities allowed by the statute.
- On July 18, 2023, legislation was signed to amend P.A. 381 with a major change to add housing development projects and give the Michigan State Housing Development Authority (MSHDA) the review and oversight for this funding role. Qualifying property is no longer required to be a 'traditional brownfield' if property is going to be used for housing.

Introduction to Brownfields

P.A. 381 – BROWNFIELD 101

Tax Increment Financing (TIF):

- The Brownfield Tax Increment Financing (TIF) program in Michigan is designed to capture increased tax revenue from a project's specific property for a specified period of time and use that new incremental tax revenue to cover eligible costs related to the project.
- The increased tax revenue often makes the project financially viable, and there are no out of pocket costs for municipalities.
- TIF projects boost economic development and support the local and state economy.

How the TIF Incentive Works: Financing Gap

P.A. 381 – BROWNFIELD 101

How the TIF Incentive Works: Incremental Taxable Value

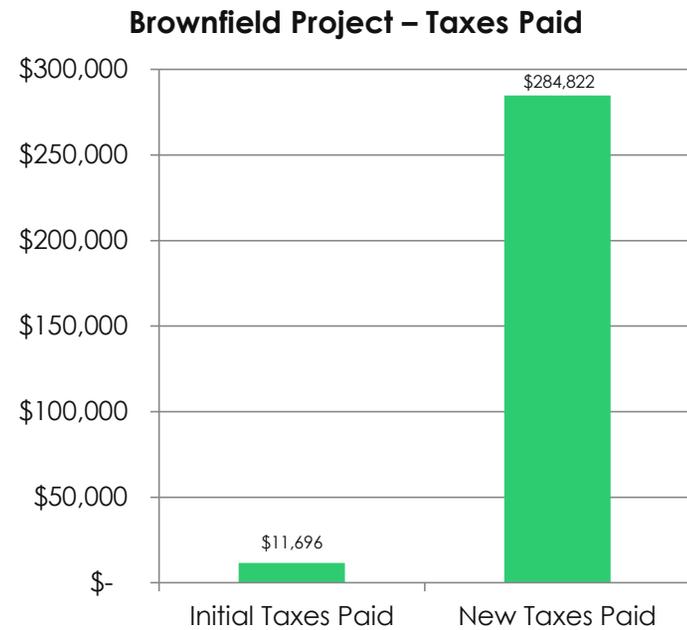

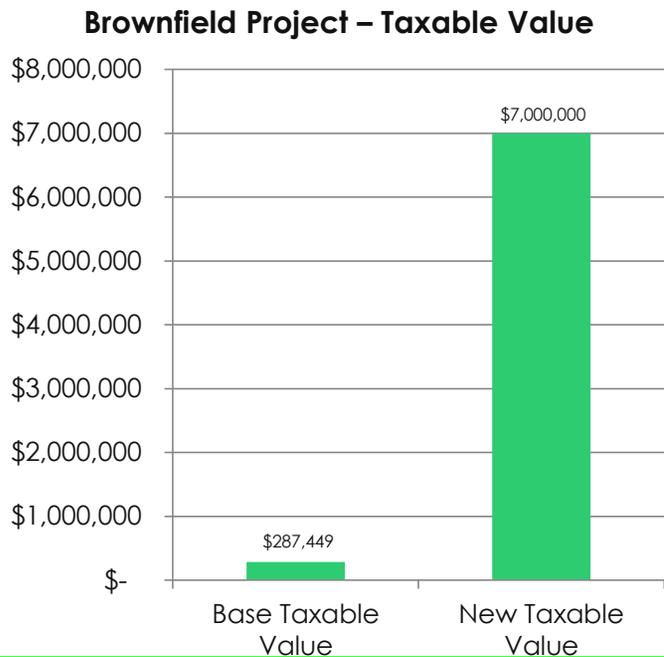

The difference between the base taxable value of the property and the new taxable value after improvements is the *“increment”*

P.A. 381 – BROWNFIELD 101

How the TIF Incentive Works: Example Brownfield Project

$\$8,000,000 \text{ Brownfield Costs Gap} / \$273,126 \text{ in Annual Captured Taxes} = 29 \text{ Years to pay the developer back for eligible Brownfield expenses}$

Introduction to Brownfields

P.A. 381 – BROWNFIELD 101

Brownfield TIF Process:

- Project is proposed by a developer to the Allegan County Brownfield Redevelopment Authority (Authority) and local unit of government (either a township, village or city).
- If local unit of government (township, village or city) and Authority supports proposed project the developer drafts a Brownfield Plan.
- Brownfield Plan must be approved through a Resolution by the local unit of government (township, village or city).
- Brownfield Plan then must be approved by the Authority, and the Authority recommends consideration for adoption by the Allegan County Board of Commissioners.
- Allegan County Board of Commissioners holds a Public Hearing for the Brownfield Plan request.
- If Allegan County Board of Commissioners (BOC) supports the project and Brownfield Plan, through a Resolution BOC adopts the Brownfield Plan.
- Authority and developer enter into a Brownfield Reimbursement Agreement.
- If the developer is asking for state tax capture in addition to local tax capture, the developer creates an additional document called an Act 381 Work Plan for approval by up to three state agencies (EGLE, MSF, MSHDA).
