BOARD OF COMMISSIONERS OF THE COUNTY OF ALLEGAN

FACILITIES MANAGEMENT—LAGOON VALVE REPAIR/REPLACEMENT

WHEREAS, the underground valve controlling flow between sewage lagoons #1 and #2 has failed for an unknown reason and cannot be opened to drain Lagoon; and

WHEREAS, if the valve is not returned to an operational state, lagoon #1 is expected to reach its capacity by mid-summer; and

WHEREAS, to restore operation, it will be necessary to unearth the valve to diagnose the problem whose remedy may be as simple as making a minor repair or it may require a full replacement; and

WHEREAS, based on one estimate, a project to fully replace the valve may cost up to \$35,075 and there are potential unknowns given that the valve is buried at a depth of 13 feet and material costs are unstable; and

WHEREAS, a request for proposal process has already been initiated to solicit formal bids which may result in more favorable pricing.

THEREFORE BE IT RESOLVED that the Board of Commissioners approves funding the Lagoon Valve Replacement as a capital improvement project (2450.272.972.00.00) for an amount not to exceed \$45,000; and

BE IT FINALLY RESOLVED the County Administrator is authorized to sign necessary documents on behalf of the County and the Executive Director of Finance is authorized to make the necessary budget adjustments to complete this action.
