JACKSON COUNTY BOARD OF COMMISSIONERS

RESOLUTION NO. 10-21.27

Resolution to oppose mandatory vaccinations, mandatory wearing of masks and other face coverings, vaccination passports, and mandatory Covid testing and support a citizen's right to self-determination and parental rights to decide what is best for their children

The Board of Commissioners of the County of Jackson, State of Michigan, states:

WHEREAS, the Jackson County Board of Commissioners swore an oath to uphold the Constitutions of the United States and the State of Michigan, and these Constitutions guarantee freedom of religion, speech, assembly as well as due process of law; and

WHEREAS, we believe numerous State elected officials and Department Heads have issued overly restrictive orders violating Constitutionally Guaranteed Rights, and we aware that the Federal Government is threatening further overly restrictive orders, and

WHEREAS, these orders denied citizens of their personal choice and eroded the constitutional rights and freedoms of citizens resulting in undue burdens, restrictions, and lasting harm to citizens, local businesses, and employees, and

WHEREAS, these orders also disrupted meaningful student education and socio-emotional development causing increased mental health issues and a possible increase in suicide rates of the youth of Jackson County; and

WHEREAS, differing opinions on prevention and treatment to be conducted in response to COVID-19 should be robustly debated, but that ultimately it is a citizen's God-given right to choose for themselves what is in their, and their children's best interests.

BE IT RESOLVED, the Jackson County Board of Commissioners will continue to contravene unconstitutional orders unilaterally imposed by federal and state officials regarding COVID-19; and

BE IT FURTHER RESOLVED, Jackson County does not dismiss the seriousness of COVID-19 and information regarding Covid-19 Statistics, Risks and Resources will remain on the Jackson County website as a resource for residents. The County shall continue to provide Covid-19 vaccines and testing for those who desire them, recognizing all medical procedures carry risk and therefore it is a citizen's right to choose whether or not to assume those risks; and

BE IT FURTHER RESOLVED, Jackson County does not support mandatory vaccinations, wearing of masks or other face coverings, testing, contact tracing, use of vaccine passports, or differing treatment of unvaccinated individuals in schools, businesses, and public places; and

BE IT FURTHER RESOLVED, The Jackson County Commission shall not mandate COVID-19 vaccinations, masks, or passports for County employees; and

RESOLUTION SUPPORTING AMERICAN RESCUE PLAN STATE MATCH PROGRAMS

WHEREAS, the State of Michigan has faced tremendous challenges as it dealt with a deadly pandemic for nearly a year and a half and is now presented with an opportunity to strategically invest in our residents, entrepreneurs, businesses and communities; and

WHEREAS, Michigan will receive more than \$10 billion in fiscal recovery aid, with 82 counties slated to get 1.9 billion directly in American Rescue Plan (ARP) funds; and

WHEREAS, cities and larger townships will receive a total of \$1.8 billion and non-entitlement communities (smaller units) approximately \$644 million, with the state of Michigan itself receiving more than \$6.5 billion; and

WHEREAS, eligible expenditures include revenue reimbursements, savings and growing interest on the funds, broadband infrastructure, economic development and individual assistance programs; and

WHEREAS, county leaders are already under pressure to announce spending decisions and elected officials at all levels of government will have to make decisions on where and how they will use the dollars within federal guidelines; and

WHEREAS, the Michigan Association of Counties is working on a match program to earmark close to \$4 billion in state ARP funds to leverage all levels of government to strategically invest the one-time dollars in areas of greatest need for improvement; and

WHEREAS, the Michigan Association of Counties has received positive feedback on the ideas put forth for match programs within the state; and

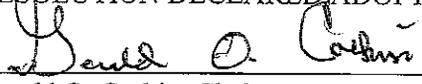

WHEREAS, Michigan has a chance to amplify investments with the influx of federal funding and a collaborative effort by all levels of government that will allow the dollars to be stretched to invest in common goals; and

WHEREAS, the comprehensive approach to leverage ARP dollars will provide Michigan the ability to amplify investment for our future by focusing resources in five key areas – water infrastructure and broadband, local capacity and fiscal stability, housing and community development, comprehensive economic development and public health and safety; and

WHEREAS, our future success is inextricably linked, and strategic investment of our available resources needs to support and strengthen these connections;

THEREFORE, BE IT RESOLVED, the Marquette County Board of Commissioners supports American Rescue Plan State Match Programs and authorizes the Board Chairperson and staff to forward a copy of this resolution directly to all County Commissioners, or their equivalents, in each of the 83 counties in the State of Michigan.

Muskegon County Resolution Supporting Little River Band of Ottawa Indians
Casino in Muskegon County

Resolution #2021-426

WHEREAS, in 2020, the United States Department of the Interior granted the Little River Band of Ottawa Indians (LRBOI), approval to construct a casino on off-reservation land in Muskegon County at the intersection of Interstate 96 and Harvey Street in Fruitport Township, MI; and

WHEREAS, the LRBOI has been working for more than a decade to bring a tribal casino to the Muskegon metro area; and

WHEREAS, the proposed casino project by the LRBOI will provide needed jobs for residents in Muskegon County and other West Michigan lakeshore communities, with an estimated 1,500 construction jobs and 2,200 casino jobs, including additional employment opportunities for companies providing food, beverages, supplies and services to the casino; and

WHEREAS, Muskegon County is a growing tourism destination, and this casino will bring increased tourism to Michigan from Indiana, Illinois, and Wisconsin, making Muskegon County a more competitive meeting and convention destination for in-state and out-of-state events with the addition of new hotel room inventory, a casino, and meeting and entertainment space to complement Muskegon County's new convention center; and

WHEREAS, in addition to the jobs created by the casino construction and operations, specific revenues derived from the LRBOI casino will provide supplemental funding for area schools, social service organizations, and local governments, and

WHEREAS, efforts by Detroit-area interests to derail this long-awaited economic development project that will provide substantial benefit to the Muskegon area are detrimental to the forward economic progress the Muskegon metro area is currently experiencing;

THEREFORE, BE IT RESOLVED that the Muskegon County Board Chair urges Governor Gretchen Whitmer and both Houses of the Michigan Legislature to pass legislation before the year end to approve the tribe's request to build their casino in Muskegon County.

Dear Colleagues:

At the request of Commissioners Kapenga, Cain and Jessup, I contacted the county's legal counsel, Pete Peterson to review the options for BOC action with regards to the ongoing back-to-school mask order issued by the health officer and the follow-up warning letters issued to parents of the affect school age children. Two conversations were held: Wednesday, September 15 and a brief follow-up today. This is my summary of the conversations:

*The Board may not remove or discipline the County's health officer for adopting a mask mandate. The Board does not have authority over local public health orders and the Commissioners may face legal action if the Commissioners interfere in the public health order or take adverse action against the health officer for issuing the public health order. This includes actions that could be perceived as undercutting the health officer's authority to issue the mask order or other health orders. Taking action in violation the law could subject the County to the risk of substantial financial liability. Under the circumstances, although it has not been researched yet, it is possible that such disregard of the law could subject individual commissioners to liability risk.

*In reaching these conclusions, counsel reflected on his many years as the County's outside counsel and his 33 years of practicing law. He said he's worked on many serious issues during that time involving his public sector clients and has never seen a situation such as this when all the counsels advising multiple public bodies have reached identical legal opinions. Those legal opinions make it clear that the public health code confers extraordinary powers to health officers during a public health contagion. My summary of those opinions is that the health officer has lead shield protection.

* The only lawful recourse to those seeking greater control of the public health department and the health officer at this juncture is for the Michigan Legislature to change the public health code to give Boards of Commissioners greater authority over public health departments and the health officer. The current law is so tightly written as to make any other Board action unlawful.

* Attorney Peterson did inform that the County has been served with lawsuit that also names other parties. I believe this is the September 3 suit that was announced by a public participant at the most recent BOC meeting.

* The mask order may only be the beginning of COVID-related, public health controversies. He advised that as President Biden recently announced, the federal occupational health and safety administration (OSHA) is drafting emergency orders requiring employers of 100 or more people to require vaccination or weekly testing. It is not clear yet whether public employers will be covered by this, but it is possible.

* Several commissioners have requested copies of the administrator's contract for review. I asked Mr. Peterson to forward same. He needs to do a computer system search which he is not able to do until early next week.

Title VI Complaint Procedures

How to file a Title VI Complaint?

The complainant may file a signed, written complaint up to thirty (30) days from the date of the alleged discrimination. The complaint should include the following information:

- Name, address, contact information (i.e., telephone number, email address, etc.)
- How, when, where, and why you believe you were discriminated against. Include the location, names and contact information of any witnesses.
- Other information that you deem relevant.

The Title VI Complaint Form (see Appendix C) may be used to submit the complaint information. The complaint may be filed in writing with ACT at the following address:

Allegan County Transportation
750 Airway Drive
Allegan, MI 49010

NOTE: ACT encourages all complainants to certify all mail that is sent through the U.S. Postal Service and/or ensure that all written correspondence can be tracked easily. For complaints originally submitted by facsimile, an original, signed copy of the complaint must be mailed to the Title VI Coordinator as soon as possible, but no later than 30 days from the alleged date of discrimination.

What happens to the complaint after it is submitted?

All complaints alleging discrimination based on race, color or national origin in a service or benefit provided by ACT will be directly addressed by ACT. ACT shall also provide appropriate assistance to complainants, including those persons with disabilities, or who are limited in their ability to communicate in English. Additionally, ACT shall make every effort to address all complaints in an expeditious and thorough manner.

A letter acknowledging receipt of the complaint will be mailed within seven days (Appendix D). Please note that in responding to any requests for additional information, a complainant's failure to provide the requested information may result in the administrative closure of the complaint.

How will the complainant be notified of the outcome of the complaint?

ACT will send a final written response letter (see Appendix E or F) to the complainant. In the letter notifying complainant that the complaint is not substantiated (Appendix F), the complainant is also advised of his or her right to 1) appeal within seven calendar days of receipt of the final written decision from ACT, and/or 2) file a complaint externally with the U.S. Department of Transportation and/or the FTA. Every effort will be made to respond to Title VI complaints within 60 working days of receipt of such complaints, if not sooner.

In addition to the complaint process described above, a complainant may file a Title VI complaint with the following offices:

Federal Transit Administration Office of Civil Rights
Attention: Title VI Program Coordinator
East Building, 5th Floor – TCR
1200 New Jersey Ave., SE
Washington, DC 20590

It is in the best interest of all involved parties to attempt to resolve concerns informally and at the lowest level possible. Therefore, with the complainant's consent, an informal resolution may be attempted. Similarly, these procedures do not prevent ACT from attempting to resolve issues and complaints that are unwritten.

Limited English Proficiency Plan

Four Factor Analysis

1. The number or proportion of LEP persons eligible in ACT’s service area who may be served or likely to encounter an ACT program, activity, or service

ACT examined the US Census report from 2020 to determine that approximately 6.0% or 7,230 people within the ACT’s service area, age 5 and older, speak a language other than English. Of the 7,230 people reporting they speak other languages than English, 1,588 or 1.5% of the respondents either speak English “not well” or “not at all”. The largest non-English speaking group is Spanish. Spanish speak less than “very well” is at 1,366 or 1.2%.

2. The frequency with which LEP individuals come in contact with an ACT program, activity, or service

ACT assesses the frequency at which staff and drivers have or could possibly have contact with LEP individuals. This includes documenting phone inquiries and verbally surveying drivers. Since July 2021, ACT has had two requests for interpreters and zero requests for translated ACT documents. ACT does provide the basic brochure in Spanish. The staff and drivers have had very little to no contact with LEP individuals.

3. The nature and importance of the program, activity, or service provided by ACT to LEP community

There is no large geographic concentration of any one type of LEP individuals in the ACT service area. The overwhelming majority of the population, 94.9% or 114,356 people, speak only English.

Therefore, there is a lack of any social, service, professional and leadership organizations within the ACT service area that focuses on outreach or membership of LEP individuals.

4. The resources available to ACT and overall costs

ACT assessed its available resources that could be used for providing LEP assistance. This included identifying how much a professional interpreter and translation service would cost on an as needed basis, which documents would be the most valuable to be translated if and when the populations supports, taking an inventory of available organizations that ACT could partner with for outreach and translation efforts, and what level of staff training is needed.

After analyzing the four factors, ACT developed the plan for assisting persons of limited English proficiency. (Appendix I) This plan will be available on the county website.

Community Outreach

As an agency receiving federal financial assistance, ACT has made the following community outreach efforts:

ACT takes a leadership role in developing and updating the Allegan County Coordinated Public Transit-Human Services Transportation Plan (Coordinated Plan).

ACT's Title VI coordinator chairs the Allegan County Specialized Services Coordination Committee.

Board Meetings - The Allegan County Board of Commissioners holds two meetings monthly and the public is invited to attend and voice any concerns they have with ACT.

Public Meetings - When new service is proposed, information is disseminated to the community affected and public meetings are scheduled.

Travel Training Class - ACT has developed a travel training program to reach out to community groups (senior centers, senior facilities, and the disabled community) to conduct travel training classes. Travel Training classes are ongoing as well as outreach to these populations.

Customer Complaint Process - Citizens may call ACT's call center at (269) 673-4229 or the Title VI coordinator at (269) 686-4529 to file a complaint or comment. All complaints/comments are entered into a database and then distributed to the relevant manager who researches the complaint and responds back to the complainant.

Bilingual Outreach - ACT's Guest Services group provides Spanish-speaking guests with information on public transit services in Spanish. Guest Services assistance is utilized in outreach programs and offered for programs and public meetings.

We submit to the Michigan Department of Transportation annually an application for funding. The application requests funding for both capital and operating assistance. Part of the annual application is a public notice, which includes a 30-day public comment period.

Membership/Minority Representation of the Allegan County Public Transportation Local Advisory Council (LAC) is identified in **Appendix H**.

Twice annually Allegan County advertises and seeks applicants for boards and commissions. The public is encouraged to apply. Individuals interested in seeking membership on the Allegan County Transportation LAC may do so by completing the Application Form on the county website. Interested parties may also contact the Executive Director of Services for Allegan County for more information involving the LAC functions.

Because, the majority of the population in Allegan County is White/Caucasian, with the second largest representation being Hispanic Latino, ACT has taken great measures in seeking out additional minority representation, including directly asking some minority persons who have attended meetings about participating in membership of the LAC which, they declined.

Equity Analysis for Facility Construction

If Allegan County ever considers construction of a new facility for ACT, a Title VI Equity Analysis will be conducted as required.

Transit-Related Investigations, Lawsuits or Complaints

To date, there have been no transit-related lawsuits, investigations or complaints. This is also stated in Appendix J.

5. APPENDICES:

No person shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

All employees of the Allegan County Transportation are expected to consider, respect, and observe this policy in their daily work and duties. If a citizen approaches you with a question or complaint, direct him or her to the Allegan County Transportation, Executive Director of Services.

In all dealings with citizens, use courtesy titles (i.e. Mr., Mrs., Ms., or Miss) to address them without regard to race, color or national origin.

LIMITED ENGLISH PROFICIENCY PLAN OUTLINE

How to Identify an LEP Person who Needs Language Assistance

Below are tools to help identify persons who may need language assistance:

Examine records requests for language assistance from past meetings and events to anticipate the possible need for assistance at upcoming meetings;

When ACT sponsored workshops or conferences are held, set up a sign-in sheet table, have a staff member greet and briefly speak to each attendee. To informally gauge the attendee's ability to speak and understand English, ask a question that requires a full sentence reply;

Survey drivers and other first line staff periodically regarding their experience on having any direct or indirect contact with LEP individuals.

Language Assistance Measures

ACT has or will implement the following LEP procedures. The creation of these steps are based on the very low percentage of persons speaking other languages or not speaking English at least "well," and the lack of resources available in the ACT service area:

Census Bureau's "I Speak Cards" are to be located at the Customer Service window in the Transit Center at all times.

When an interpreter is needed, in person or on the telephone, staff will first attempt to determine what language is required. Staff shall use the telephone interpreter service - Language Line Services. ACT will establish an account with www.language.com for any usage, including any access codes necessary to utilize interpreter services. Staff will use interpreter services as needed.

ACT Staff Training

All ACT staff will be provided with the LEP Plan and will be educated on procedures to follow. This information will also be part of the ACT staff orientation process for new hires. Training topics are listed below:

Understanding the Title VI policy and LEP responsibilities;

What language assistance services ACT offers;

How to use the Language Line interpretation and translation services;

Documentation of language assistance requests;

How to handle a Title VI and/or LEP complaint (See Appendix B)

Outreach Techniques

ACT does not have a formal practice of outreach techniques due to the lack of LEP population and resources available in the service area. However, the following are a few options that ACT will incorporate when and/or if the need arises for LEP outreach:

If staff knows that they will be presenting a topic that could be of potential importance to an LEP person or if staff will be hosting a meeting or a workshop in a geographic location with a known concentration of LEP persons, meeting notices, fliers, advertisements, and agendas will be printed in an alternative language, based on known LEP population in the area.

When running a general public meeting notice, staff will insert the clause, based on the LEP population and when relevant, that translates into “A (insert alternative Language) translator will be available”. For example: “Un traductor del idioma español estará disponible” This means “A Spanish translator will be available”.

Key print materials, including but limited to schedules and maps, will be translated and made available at the ACT Transit Center, on board vehicles and in communities when a specific and concentrated LEP population is identified.

Monitoring and Updating the LEP Plan

This plan is designed to be flexible and is one that can be easily updated, see 2010 Census data earlier in this document. Major updates most likely will not occur unless ACT finds it necessary and crucial for an update.

Each update should examine all plan components such as:

How many LEP persons were encountered?;

Were their needs met?;

What is the current LEP population in ACT service area?;

Has there been a change in the types of languages where translation services are needed?;

Is there still a need for continued language assistance for previously identified ACT programs? Are there other programs that should be included?;

Have ACT's available resources, such as technology, staff, and financial costs changed?;

Has ACT fulfilled the goals of the LEP Plan?; and

Were any complaints received?

Dissemination of the ACT Limited English Proficiency Plan

Copies of the LEP Plan will be provided, on request, to any person(s) requesting the document via phone, in person, by mail or email. ATTN: Board of Commissioners

SUBJECT: REMONUMENTATION PEER GROUP RECOMMENDATION GRANT YEAR 2022

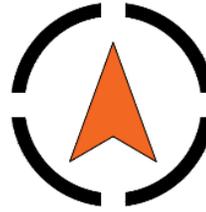

Dear Board of Commissioners,

The 2021 grant year began with 3096 of 4054 corners completed through the Remonumenting Process and we hope to add another 37 corners by the end of this year. I am recommending the following licensed surveyors (respective firms listed) on the attached list of the peer review members for the 2022 Allegan County Remonumentation program.

Also, as stated in the 2020 Revised County Plan, following are guidelines as it regards to the peer group: The county peer review group will include only Professional Surveyors licensed in the State of Michigan. A firm may choose to have multiple Professional Surveyors listed as alternate peer group members, however, surveyors from the same firm share one vote, and share one fee for the meeting. It is important that peer group members attend the meetings (at least one per firm). Occasional missing of a meeting will happen, but consistent lack of attendance will be grounds for dismissal from the group at the County Representatives discretion and may put at risk their respective firms "contract surveyor" status which will also be at the County Representatives discretion (appeal of this decision can be made to the County Administrator and the County Board of Commissioners). Prospective persons desiring to become members of the peer review group should consult with the County Representative and it is recommended that they attend meeting(s) as members of the public (not compensated) in the prior grant year to learn the expectations of the role and show desire to become part of the group.
